3/22/2016 EMS Briefing at the Board of County Commissioners

The next EMS briefing for the Board of County Commissioners is scheduled for Tuesday, March 22 at 10:30am. Mark Raaka will include an update of the timeline for delivery models evaluation process.

EMT / Paramedic Recertification

One of the many responsibilities of the Skagit County EMS Agency is processing BLS and ALS provider recertification. The recertification cycle frequently involves a large number of providers being processed at the same time. This can be a stressful time for many individuals. To minimize stress the EMS Agency strives to provide a quick turnaround time in processing applications for recertification.

The provider will apply for recertification online with the State Department of Health. The Department of Health will then send an electronic request to the local EMS Agency for verification of the individual's completion of the required continuing education for the certification cycle. The EMS Agency will verify the education then submit electronically.

To assist in the goal of providing a quick turnaround time we are requesting that individuals complete the 2015 BLS or ALS OTEP Checklist and forward the document to the EMS Agency. This document is a quick reference for verification and speeds up the process considerably. We have included a copy of the 2015 and 2016 Checklists with this communication. Should you have any questions please contact Training and Quality Assurance Manager Kevin Chao at (360) 416-1835 or kchao@co.skagit.wa.us. Thank you for helping us better serve you.

2015 BLS OTEP Checklist:

This sheet is meant to be filled out and kept up to date by the provider and is to be presented to the EMS Dept with application to recertify.

Name: _____

2015 OTEP #1 Required EMS Online Modules.
