

**SKAGIT COUNTY FAIR 2016
SECTION AA –
OPEN CLASS
ANIMAL EXHIBITS**

Thank you to our Supporters

We would like to personally thank our 2016 Fair sponsors for their support of the Skagit County Fairgrounds and the annual Skagit County Fair. We are incredibly proud that our local businesses have steadfastly supported our Fair throughout the years and built a strong partnership with Skagit County. We couldn't host a quality fair without the support of our business sponsors.

We invite everyone to join us for this year's four-day celebration of wholesome family fun. The 2016 Fair opens Wednesday, August 10, and runs through Saturday, August 13. This year's Fair theme is Absolute GRINsanity!, so be sure to take lots of photos of your best Fair grins.

The Fair is an event rich with tradition, tracing its roots back to the first-ever local fair in 1898. We're proud to carry on this great legacy and support the agricultural traditions that are so deeply rooted in our great County. Local foods and homegrown entertainment will make this year's Fair an event you won't want to miss. Most importantly, it's an event that the entire family can enjoy.

A big thanks goes out to our Fair Advisory Committee; State, City and County staff and elected representatives; 4-H, FFA, exhibitors, volunteers, Parks and Fair staff; and perhaps most of all, to the dedicated citizens of Skagit County. The community is a vital part of the Fair and the Fair is a vital part of the community—we share in your passionate enthusiasm and profound devotion to this great celebration.

Skagit County Commissioners,
Ken Dahlstedt, Ron Wesen & Lisa Janicki

SKAGIT COUNTY FAIR AIMS & PURPOSES

It is the Goal of Skagit County to produce a Fair in which there is pride and involvement by the people of Skagit County. Therefore, we the staff of the Skagit County Fairgrounds endeavor to:

- Display products of the agricultural industry of our area.
- Provide wholesome educational and entertainment activities for all people.
- Exhibit arts, crafts and manufacturer's products and show results of skills used for home living.
- Provide opportunities for all county citizens to share their knowledge and skills with other citizens of the County through participation in the Fair.
- Utilize the Fairgrounds facilities for multi-use activities throughout the year.
- Generate revenue to support Fair operations and provide support for expanding and updating the facilities.
- Develop objectives, aims and purposes through short and long range planning. From this planning, establish yearly goals that are measurable with evaluation each year.
- Provide for safe and healthful conditions for people participating in or attending activities on the Fairgrounds and safeguard the Fair properties and exhibits.
- Present a well-balanced and wide variety of exhibits that include displays by people of all ages and representing all Skagit County industries.
- Conform to the rules and regulations as set forth in the Washington State Agricultural Fairs Laws.

SKAGIT COUNTY FAIR

GENERAL RULES & REGULATIONS

- The Skagit County Fair has three Main Sections for exhibit entry:

2016 SKAGIT COUNTY FAIR

VETERINARY REGULATIONS AND RECOMMENDATIONS

1. Fair veterinarians must inspect all animals BEFORE animals can enter the housing area of the Fair. The animals must show no clinical indications of contagious or infectious diseases or external parasites. Fair veterinarians must reject any animal with visual signs of disease. These include ringworm, warts, pinkeye, strangles, contagious ecthyma, scabies, lice, mites, ticks and fleas. Animals coming down with symptoms during the Fair will be rejected by the Fair veterinarians. Any animal rejected by the Fair veterinarians before or during exhibition must be removed from the Fairgrounds for the duration of the fair. The Fair veterinarian's decision is final and will be upheld by the Fair Board.
2. No animals from quarantined areas or premises are permitted at the fair.
3. Out-of-state animals must comply with State of Washington import regulations or receive an exemption from the State Veterinarian for exhibition at the Fair only.
4. Any animal having chronic, non-contagious lesions or chronic coughs must have a signed statement from their regular veterinarian explaining the condition.
5. Veterinary inspection location: west of cattle barn - cattle and swine: south of the horse barns - horses; east of sheep barn - sheep, goats, poultry, rabbits, cats and dogs.
6. **CATS** - Must have current vaccinations for rabies (*it may be a one or three year vaccine*) and **present inoculation certificate WS4HF/1.30m**. Must have current vaccinations for feline panleukopenia (distemper), feline rhinotracheitis, calico virus and chlamydia bacteria (within one year). Exhibitors must present proof of vaccination by a licensed veterinarian at least two weeks prior to Fair date. Vaccination for feline leukemia virus is recommended.
7. **CATTLE** - In addition to points 1-5, cattle must be free from visible evidence of infection, contagious disease, and free of external parasites. These diseases include ringworm, warts, pinkeye, lice, mites, ticks, foot rot and pneumonia. All females over six months of age must be officially vaccinated for brucellosis (Bangs). You must have a certificate with the animal at the check in. Every animal must be visually examined by the Fair veterinarian, before admittance to the barn is allowed. Recommended vaccinations include IBR (infectious bovine rhinotracheitis), BVD (bovine virus diarrhea), PI3 (parainfluenza three virus) Leptospirosis (five serotypes), hemophilus, pasteurilla clostridium chauvoie, speticum, noveii, sordellii, perfringens types D and C and BRSV (bovine respiratory syncopation virus). Immunization should be a minimum of three weeks prior to exhibition in order to provide intended protection.
8. **DOGS** - In addition to points 1-5, dogs must be free of external parasites (fleas, lice, mites), ringworm or signs of respiratory disease. They *should* have current vaccinations for distemper, hepatitis, leptospirosis, parainfluenza (kennel cough) parvovirus and corona virus. All these are to have been given within the last year. They must have a current rabies vaccination and **inoculation certificate WS4HF/1.30m**. Exhibitors must present proof of vaccination by a licensed veterinarian at least two weeks prior to Fair date. It is recommended that all dogs be vaccinated with Bordetella.
9. **GOATS** - In addition to points 1-5, **All goats must adhere to Federal scrapies program requirements**. The animals must be free from visible evidence of infection, contagious disease and free of external parasites. These diseases include ringworm, lice, mites, ticks, foot rot, and pneumonia abscesses. Tetanus vaccination is recommended annually. Other recommended vaccinations should be discussed with your veterinarian.
10. **GUINEA PIGS** - In addition to points 1-5, each animal must be free of external parasites, signs of respiratory disease, nasal or eye discharges and abscesses.

11. **HORSES** - In addition to points 1-5, each animal must be free from visible evidence of infection, contagious disease and free of external parasites. These diseases include ringworm, muzzle warts, strangles, lice, and respiratory diseases causing nasal discharge and/or coughing. Horses should be alert and show an attitude of good health. If your horse has a longstanding noninfectious problem (such as hay cough or lameness) be sure to have your regular veterinarian make a note on your health certificate. Health certificates must be presented to the Fair veterinarian with signed proof of influenza and rhinopneumonitis vaccination within 60 days but no closer than two weeks of Fair time. Vaccination for tetanus and potomac horse fever are recommended. Out of state horses must meet requirement #3 and have a negative Coggins (Equine Infectious Anemia) test within six months. Horses from Oregon or under six months of age are exempt from the Coggins requirement.
12. **POULTRY: CHICKENS**- In addition to points 1-5, **WAC 16-59 Mandatory. All birds going to shows need to be tested for Pollorium-Typhoid CP-T. Birds may be tested prior to the show. Test results are good for 90 days. If tested prior to show you must present the certificate, or they can be tested at the show (testing fees may be charged). If birds and eggs are bought from NPIP participating flocks, present your receipt at the Fair.** Animals will be visually inspected for signs of infection, contagious disease and external parasites. These include nasal or eye discharges, lice, feather or scaly mites on legs or face. **Optional testing for Avian Influenza many be offered.**
13. ***POULTRY: WATERFOWL, PIGEONS, DOVES:** In addition to points 1-5, **all other birds** will be visually inspected for signs of infection, contagious disease and external parasites. These include nasal or eye discharges, lice, feather or scaly mites on legs or face. Vaccination of pigeons for paramyxovirus recommended.
14. **RABBITS** - In addition to points 1-5, the animal must be free of external parasites such as ear mites and cheylitiella skin mites. They must show no visible signs of pasteurellosis (nasal discharge or respiratory problems). They should show no signs of abscesses.
15. **SHEEP** - In addition to points 1-5, **All sheep must adhere to Federal scrapies program requirements** and the animals must be free from visible evidence of infection, contagious disease and free of external parasites. These diseases include lice, keds, ticks, mites, foot rot, contagious ecthyma (sore mouth) and scrapie. Abscesses caused by vaccination with Footvax must have proof of their noncontagious nature. This includes a letter from a veterinarian stating the abscess is a result of footvax vaccination or negative culture results. Tetanus vaccine is recommended annually. Other recommended vaccinations should be discussed with your regular veterinarian. Draining abscesses are not permitted under any circumstances.
16. **SWINE** - In addition to points 1-5, the animals must be free of visible evidence of infection, contagious disease or external parasites. These include lice, mites and respiratory disease. Vaccination for erysipelas is recommended.

INSPECTION SCHEDULE: Animals are inspected at the unloading area of each species' barn.

EGG PRODUCTION DIVISION

This class has been created for those of you who do not wish to enter your birds in the exhibition division and/or those of you who have cross breeds and would still like to participate in coming to fair.

Requirements:

1. Egg production birds must be entered as such. (Your options being Production laying hen or Production laying pullet bantam or large fowl).
2. Egg production birds must be female, as the males do not lay eggs.
3. Cross breeds are welcome in this category.
4. All production hens and pullets must be entered into the show with **one dozen eggs that have been laid by that specific bird**. These eggs **do not** get entered into Division L: Eggs. (Failure to bring the eggs or the proper eggs laid by the specific animal will result in the animal not being admitted into the show).
5. When you enter for this category simply tell us Production bantam or large fowl as well as production hen or pullet.
