ORDER DENYING MOTION
RECONSIDERATION

Randall and Vicki Hawkinson timely submitted a Request for Reconsideration of the Hearing Examiner's decision on August 13, 2012, approving a Special Use Permit and Administrative Variance for a cell tower and related ground equipment at 7004 Sunrise Estate Drive.

Part of the basis for the request is material and arguments that could have been, but were not, presented at the hearing. The record could be re-opened if the material was shown to be new evidence, unavailable at the time of hearing. But no such showing has been made.

As to the issues which were raised and about which evidence was given at the hearing, the Examiner determines that no material legal error was made and that no factual issue was overlooked that would change the previous decision.

Accordingly, the Request for Reconsideration must be and hereby is denied. SCC 14.06.180.

SO ORDERED, this 11th day of September, 2012.

Wick Dufford, Hearing Examiner
