Voters' Pamphlet

November 7, 2023 General Election

Welcome Message

Dear Skagit County Voters,

Your vote is your voice! That's why having information about candidates is important. We hope this printed pamphlet is helpful in making your voting decisions. An online version of the pamphlet is also available on our website, www.skagitcounty.net/elections

This election, candidates will be running for local positions.

As a voter, here are ways to ensure that your ballot is counted:

- Return your voted ballot quickly
- Use a ballot drop box whenever possible
- If you return your ballot via US Postal Service, make sure it is postmarked by General Election Day, November 7, 2023
- Sign your return ballot envelope
- If you receive a letter from our office regarding your signature, return it to our office as soon as possible.

The sooner voters return their ballots, the more complete the results will be when we post them on election night!

Thank you!

Statement

Ryan’s vision is for Anacortes to be not just a small town, but a strong town—a vibrant, inclusive waterfront community that supports its small businesses, celebrates the arts, provides housing affordable for the people who work here, and protects our environment.

A fifth-generation resident of Anacortes, Ryan has leveraged his 16 years’ experience as a prosecutor, government attorney, and land use professional to find innovative and common-sense solutions to our problems.

Ryan firmly believes new development should enhance Anacortes, not detract from it. He’s worked hard to evolve our zoning code toward housing affordability, walkability, and livability while avoiding excess height and incompatible commercial uses in established neighborhoods. He’s delivered new rules improving city governance and financial planning, protecting our parks and forestlands, facilitating new childcare facilities, and supporting our downtown.

Ryan modernized our criminal code with new provisions to strengthen our tools against illegal drugs, designed the public safety ballot measure that fully funds our police and fire departments, and updated the City’s discount program for city utility bills to better help low-income families and seniors.

Vote to re-elect Ryan Walters for leadership and vision to keep Anacortes moving forward while preserving our community, values, and strengths.

Anacortes City Council Ward 2, (2019)

Other Professional Experience

I was raised in my family's business, Similk Golf Course (est. 1930), where I learned hard work, financial management, leadership, and problem solving. Since 2014, I have worked as a Realtor at Windermere, in both commercial and residential properties.

Education

Anacortes High School, 2003; B.A. Art History, Whitman College, 2007

Community Service

Anacortes Family Center Board (2020-present), Anacortes Planning Commissioner (2015-2019), Anacortes Rotary, Anacortes Arts Festival Board, Former President (2013-2022), Port of Anacortes Event Center Advisory Committee, Fidalgo Dance Works Gala Celebrity Dance Winner (2017 & 2020), Fidalgo Elementary Volunteer (2007-2013). Supporter Island Health & Senior Center.

Statement

Quality of Life - As a fourth-generation Anacortes resident with two small children, I have been fortunate to live in this dynamic and supportive community. Our forests, beaches, schools, library, and community spaces are where we connect with our neighbors. Providing multi-modal opportunities, preserving the integrity of our natural resources, and community engagement are among my highest priorities.

Thoughtful Growth - Serving on the Council Planning Committee has reinforced the importance of citizen involvement and longterm planning. The Development Regulations have proven to spur infill, but it continues to need refinement to preserve our small-town charm. Budgeting for infrastructure, public safety, and environmental changes are crucial for the health of Anacortes. We must use best available science to minimize our environmental impact.

Partnerships - Our city, port, and county must collaborate to foster sustainable industry, livable communities, and our unique character. Having worked in real estate, I am acutely aware of our housing challenges. We must increase the available options to accommodate our workforce, families, neighbors needing government assistance, and citizens experiencing homelessness. Through continued partnering with government agencies, nonprofits, businesses, and individuals, we will develop and implement a plan.

I look forward to the privilege of continuing to serve.

Community Service

Current roles - President of Anacortes Community Theatre, Board Member of Anacortes Senior Center Foundation, Class ACT Teacher, and AKtion Theater Volunteer.

Statement

An Anacortes local, TJ is a community builder running for City Council. Rooted in the belief in neighborhood planning and collaborative solutions, his commitment is exhibited through his extensive community service. Under his presidency, Anacortes Community Theatre successfully weathered the COVID-19 storm, highlighting his leadership, resilience, and adaptability.

TJ will advocate for revitalizing Anacortes's infrastructure, prioritizing older neighborhoods that have served as the backbone for newer developments. He plans to improve pavements and sidewalks, eliminate patchwork zones, and finish incomplete areas. He is dedicated to preserving our parks and marinas and supports privately funded arts and cultural projects to enrich our community. He will pursue these improvements within the existing budget without burdening residents with new taxes.

TJ's approachability and strong listening skills make him the ideal representative for Ward Three. He values engagement and open dialogue and will bring your voice to the council. His commitment to Anacortes is deeply personal. "I want my children to grow up in a vibrant, safe, and prosperous Anacortes - the town that shaped me. This is more than a political goal. It's a promise to my family and neighbors." Vote for TJ Fantini and contribute to the Anacortes we all love.

Elected Experience

I am a first-time candidate for city council, having served as a member and president of the Riverview School District Board of Directors.

Other Professional Experience

I currently serve as an Anacortes Planning Commissioner. My career in education includes serving as teacher, principal, and superintendent in Monroe, Lopez Island and Thorp. I was chosen as the Washington Robert Handy most effective administrator.

Education

Doctoral degree; educational leadership, Seattle Pacific University. Educational Leadership Certificate, University of Washington.

Community Service

HOA treasurer, church children's director and teacher, President South Central Educational Service District superintendents' component, Washington State curriculum advisory committee, Lopez Island Historical Society, Lopez Island Prevention Coalition.

Statement

Maintaining public safety, ensuring responsible growth that includes more affordable housing, and continuing to support our vibrant arts community are some of my priorities. Anacortes is the jewel of the Pacific Northwest, and it is my forever home. I want to make sure our city maintains its pristine beaches and forest lands, while providing opportunities for small businesses to thrive and grow. This means, among other things, that we finish the Guemes Channel trail, that we implement a plan for developing the south Commercial Street corridor, and that we find ways to support our first responders and law enforcement.

As the daughter of immigrants, I witnessed my parents working tirelessly to succeed and support a large family. Their influence cemented my deeply held belief in giving back to my community wherever I can. I am a hard worker, a strong collaborator, and a person you can trust to make the difficult decisions. I will stand up for you, fight for our American values, and defend the freedoms that we all value. Let's work together for our beautiful city! Thank you for your vote.

Statement

Below are some of my accomplishments over the last 4 years. I took early and aggressive action navigating the COVID pandemic. We ended 2020 with \$1.2 million more in the bank than we started the year with, despite losing roughly \$1 million in revenues. *Over my opponent's objections*, I established the Skagit First Step Center in partnership with Skagit County and the other cities. The SFSC is averaging nearly 15,000 bed nights and 500 law enforcement drop offs annually, without spending Burlington General Fund dollars. I helped establish the North Star Project, partnering with the cities and county to achieve better results with homeless, mental health, and substance abuse problems in our communities. *Over my opponent's objections* we constructed the Jack and Helen Doyle Dog Park. My plans for the next 4 years include expansion of the SFSC to offer much needed services, including transitional housing. I plan to establish a Community paramedic program. We have planned park projects: Inclusive playground at Rotary park, Maiben Park improvements, and planning improvements to Boerner Park.

I could not have accomplished these without my Leadership Team. They deserve our thanks. Thank you Voters for your continued support. Please visit sexton4mayor.com for more details.

Statement

Burlington has been my family's home for four generations. My wife of 25 years, Jana, and I are raising our three kids here.

Over the last two terms on City Council, I have demonstrated consistent leadership in maintaining and enhancing city services while advocating for stewardship over public funds.

We have all been feeling inflation and high taxes. As Mayor I will work to lower taxes by designing budgets that reflect equality to the citizens and businesses of Burlington. I plan to hire all budgeted police officer positions that have gone unfilled over the last four years. This capacity will help to address our growing public safety concerns and reduce ballooning overtime. Thus, saving the taxpayers money. Additionally, I support ongoing efforts to formulate creative solutions that incentivize builders, developers, and businesses to grow our local economy. It is exciting to think about a growing, thriving, and prosperous Burlington!

My leadership, experience, and passion for our diverse community make me the right person at the right time. With your continued support and vote, it would be my honor to work for you, the residents of Burlington, as your new Mayor.

Statement

I have been honored to serve the community as Councilmember these last 4 years. It's exciting to have been part of numerous initiatives and projects that directly benefited the citizens of Burlington. Given the strain put on us all by the Pandemic, we were still able to upgrade our Firehouse, address our Sewer System, add additional Police and EMT Firefighters and Emergency Vehicles, install High-Speed internet Fiber, improve irrigation for our sports fields, acquire better life-saving electronic equipment, and the establishment of the First Step Center for the Homeless.

My philosophy is simple: Take care of the Infrastructure. Our Public Venues, Our Streets, Our Parks, and Our Vital Public Services, all are extremely important to a thriving and safe community.

I believe in putting in the hard work early to stay ahead of the game. To look ahead, and to plan for the future. I support those causes that further all of us, not just a select few. All of the citizens of Burlington should feel comfortable and secure with the knowledge that help is there if they need it. You deserve nothing but the best.

Thank you for trusting me with your vote,
Scott K. Green

Statement

I believe in strong community. Communities thrive when the family is the center, basic needs are met, and every day we leave it a little better than we found it for future generations. As a member of the council it would be my highest duty to ensure the safety of Burlington's families and their property by making sure our police and fire departments are fully funded, staffed, and trained. I believe in being a steward of your tax dollars with complete transparency and accountability, making sound financial decisions now and for the future. It is imperative that we operate within a budget and continue to create an atmosphere in Burlington that allows small and large business to expand. If we can accomplish these few things Burlington, as a community, can continue to flourish and its citizens prosper.

Statement

Burlington is a very special place to live. It is unique in that it has many convenient amenities but still has a small town flavor. The challenge is how to preserve Burlington's rich historical heritage and still adapt to our changing world with all its complexities. I am up for that challenge-honoring the past and working towards the future.

As your city councilor, I would work towards revitalizing our historic downtown, bringing in more small businesses and creating a beautiful public space that attracts tourists and neighbors alike. Let's make Burlington a HUB city for North Cascades tourists!

I very much support the newly created Burlington Arts Council which will provide a fresh vision for public art and beauty.

I will work towards flourishing and beautiful parks for our growing population and making Burlington a safer place for pedestrians and bicyclists.

I value collaboration and making space for all voices in our community. I believe that we can make headway with the complex challenges facing our world when we listen with respect to each other and work together towards shared values towards the flourishing of the Burlington that we love.

Statement

My dad was a military man, so I moved around a lot. I never had roots. That changed when I moved to La Conner almost 20 years ago (the longest place I've ever called home). I never knew I could grow to love a town and its people as much as I do! I LOVE La Conner and I suspect all of us who reside here feel the same. While many families have been here multiple generations, and others not as long, we all call this beautiful place our home.

I believe that each of us is as unique as the community we live in. We all use shared infrastructure and common services. These are the basic foundations any community thrives on: How do we continue to provide critical services to our citizens? How do we encourage "attainable" housing for new families? How do we ensure safety for all? The answer is TOGETHER, through communication and collaboration. That alone is not enough - we need a united long-term vision, followed by meaningful actions that result in "Thoughtful Progress". I seek your vote and support so that, together, we continue to bring our town forward towards our collective vision.

Statement

I will continue to work to be sure I am making intelligent decisions regarding the best possible approach to move our town forward in a fiscally responsible and appropriate manner. Communicating with citizens, department heads and other involved governmental agencies will continue to be an important part of my council responsibilities.

My current and previous work experience is varied, but the underlining tie to my work history is customer service, listening to customers and matching their needs to what I can offer. I will continue to listen to the Town of La Conner constituents as we move forward in growth and protect our community in emergency situations while keeping the small-town feeling that everyone who lives here or visits loves.

Elected Experience

This will be my third term as a Council Member for the Town of La Conner.

Other Professional Experience

I have 23 years with King County Government working in community relations and managing water quality, stormwater and flood control projects.

Education

Bachelor of Science in Audiology from the University of Washington. Certified Project Management Professional

Community Service

Volunteer, Washington Trails Association; Volunteer, Skagit Clean Energy Cooperative board member whose mission is to bring more clean renewable energy to Skagit Valley.

Statement

As a council member, I am a thoughtful but decisive decision maker. I am able to navigate through complex issues and weigh the impacts to the La Conner community. I have been a resident of La Conner since 1995 and have seen many changes, yet the heart and soul of the Town remains the same. It is our community that propagates our Town spirit. Although a vibrant tourist industry feeds our economy, visitors pick up the vibe of La Conner.

In the next several years we will face many complicated issues that will take critical thinking, community involvement and strong leadership. How to address the affordable housing needs for the middle class. This is a challenging issue that will take creative solutions and a commitment by leaders and citizens to develop and implement a strategy that addresses that need.

Another big issue is flooding. Last winter downtown La Conner businesses and homes flooded. During what was defined as a perfect storm of king tides and low barometric pressure. With sea level rise as a result of climate change this will be the new norm. We have to act to implement both short term and permanent solutions to protect our Town.

With EDASC he served on the Board for the Latino Business Development and Retention Program, as well as the Washington State Hispanic Chamber of Commerce and Washington Latino Business Association.

Statement

Navor and his wife have lived in Mount Vernon for over 25 years and have raised their four children here. This is our home and as I look to the opportunity to serve the city of Mount Vernon on the city council these are my top priorities: We need leadership on the Council that continues to provide crucial support for law enforcement. We need to create networks of behavioral health resources by partnering with other jurisdictions and local non profits to offer assistance that balances compassion with accountability. Disregard of private property cannot be tolerated.

We need to have a forward thinking plan for growth in housing that increases inventory. This is the only way to make housing in Mount Vernon more affordable, both to rent and own.

We need creative approaches that include multi family dwellings, planned communities, as well as low income housing.

We need to continue developing a plan for attracting business to our city that will bring increased employment opportunities and revenue for city provided services.

Statement

I'm a Latina born and raised in the City of Mt Vernon in a hardworking family that believes in serving the community. I have held minimum wage jobs and know what it is like to live on a low income. I have worked and collaborated with community organizations and local City and County agencies to provide needed services to low-income families. This has shaped me into the person I am, hardworking, passionate and driven to provide equitable access to services and opportunities to families. I am running for city council as I believe my experiences as a born and raised Washingtonian, daughter of farmworkers, and a woman of color have prepared me to bring equitable representation within the City Council. My key policy areas: Safe & Affordable housing, healthy and safe neighborhoods, gang prevention for youth, and increase the k-12 education funding for culturally appropriate activities. I'm committed to move these issues forward through better management of city budgeting and creating a vision of incorporating community voices from all underrepresented communities and the highest demographic population in the City, Latinxs. As a council member, I will continue to advocate with integrity and transparency to build collaborations and protect our community.

Community Service

I currently volunteer with Skagit Habitat for Humanity, Friendship House, Welcome Home Skagit, and am a current Mount Vernon Planning Commissioner.

Statement

My family owes a lot to our community. Skagit Valley has been our home since my great-grandparents moved here in the 1920s. It gave my parents careers as teachers, and gave me the opportunity to become a journeyman electrician. It has given me the opportunity to learn from volunteers at Friendship House and Habitat for Humanity, who give selflessly to make Mount Vernon a great place to call home. I'm running for office to give back to this community that gives so much.

Our community's diversity is our strength. Our neighbors are farmers and tradespeople, tech workers and health care providers. We need policies that work for all of us. If elected, I will advocate for increased education pathways and housing options, so everyone in our community has a chance to have a fulfilling career and an affordable place to live.

As a member of the Mt. Vernon Planning Commission and as a labor advocate for my union, I have experience working with leaders in our community and across the state to deliver meaningful results. Statement

It has been an honor to serve for the past 12 years on City Council. From the beginning, I have made Public Safety a top priority and worked collaboratively to ensure that there is adequate funding for our Police and Fire Departments. I remain a strong proponent for better roads and safe routes to school for our children.

I have worked with a variety of organizations to ensure access to services and adequate funding for the most vulnerable in our community. I have worked to find efficient and innovative ways to fund essential services, while striving to minimize tax burdens for our residents, and maintain City reserves.

I will continue to work towards creating a prosperous business environment that protects our working families from excessive taxation.

I will listen to your concerns and address the issues that affect all of the residents who make up our diverse community. My greatest reward comes when a concerned resident contacts me, providing me with an opportunity to work collaboratively to bring resolutions to issues.

I want to continue to put this problem-solving skillset to work for you; and I am asking for your vote so that we can collectively make our city stronger.

City of Sedro-Woolley

Proposition No. 1

Fire and Emergency Services Levy Lid Lift

The City Council of the City of Sedro-Woolley adopted Resolution No. 1121-23 concerning a levy lid lift to fund fire and emergency services. This proposition would fund fire and emergency services, including additional firefighter/EMTs to improve response times. This proposition would increase the City's regular property tax by \$0.8165/\$1,000 assessed valuation; not exceeding a total rate of \$2.6173/\$1,000 for collection in 2024. The 2024 levy amount, less expiring levies, will be the permanent basis to calculate subsequent levies, per RCW 84.55. Qualifying seniors, veterans, and others would be exempt, per RCW 84.36.

Should this proposition be approved?

Yes

No

Explanatory Statement

Written by City of Sedro-Woolley

RCW 84.55.050(1) allows cities to increase property taxes above the 1% limit, if the increase is voted on and approved by a majority of voters in an election. This ballot proposition asks the voters in Sedro-Woolley to approve a one-time permanent levy increase in order to support the continued provision of fire and emergency medical services, including the hiring of 8 additional firefighter/EMTs or paramedics. Call volume has increased 44% since 2018, resulting in approximately 1100 additional calls for service per year. The additional 1100 calls per year result in overlapping calls for service. During January through June 30th of 2023, 37% of Sedro-Woolley's incidents have had a second 911 emergency happen prior to crews being able to complete their first assigned incident. Additional positions will help reduce call times and improve level of service. The City's general fund does not provide adequate funding for additional personnel. If approved by a majority of voters, a new maximum regular tax levy amount of \$2.6173 per \$1000 assessed value would be established. The average impact to a taxpayer that owns a \$400,000 home is calculated to be approximately \$326.58 per year, or \$27.22 per month.

Arguments For and Against this measure are on next page →

Argument For

The Sedro-Woolley Fire Department is facing a critical challenge with an increasing population and decreasing membership to ensure the safety and well-being of its citizens.

Relying on a fire department that is primarily staffed with volunteer firefighters is no longer sustainable to meet the needs of our rapidly growing community. While volunteer firefighters play a crucial role in providing emergency services, volunteerism as a whole is declining. This has left the fire department at times with no scheduled staff at fire station 2. With year-over-year call volume increasing to 3,635 emergency calls in 2022 and daily staffing being minimal, it puts higher demand on our already limited staff. The investment in this levy would allow our fire department to provide cost-effective fire and EMS services by employing 8 full-time professional firefighter/EMTs to work alongside our very own local volunteers.

Career firefighters will provide consistent daily coverage at both station 1 and station 2, which is vital for responding to emergencies. This comprehensive approach aims to improve emergency response capabilities, reduce response times, and enhance the overall level of services provided by the Sedro-Woolley Fire Department, all while building longevity within our city. Additionally, these funds would go towards providing essential medical training and supplying necessary lifesaving equipment for these 8 full-time firefighters.

Supporting this levy would ensure Sedro-Woolley's citizens' safety and well-being for years to come. Keep our citizens and first responders safe. Vote Yes!

Rebuttal of Argument Against

The police department passed a similar levy in 2020, this 2024 levy is separate to address the needs of the Sedro-Woolley Fire Department both now and for years to come. A vote 'yes' for this proposition will add 8 full-time firefighter/EMT's, that will ensure consistent staffing alongside volunteers, preventing unmanned stations and units. This unanimous Council-approved measure, endorsed by city legislators, administration, and membership, is aligned with the mission to protect both lives and property.

Committee Members:
Jacob Braaten, Jacob Kelly

Argument Against

Voters ...this new tax request of 2023 follows a similar tax approved in 2020 for police operations that raised from taxpayers \$3.5 million by December 2023 (projection from Skagit County Assessor). Our city operating budget for the entire 2023 year did include continuous fire and operational funding. The city administration request for another New tax is both poorly supported nor does common sense support this tax as being needed. A taxpayer vote of No is strongly suggested.

How is your trust factor voters and taxpayers ??

Again, continuous fire department coverage is assured for 2023 as per this year's budget included that expense.

Thank you.

Rebuttal of Argument For

There is a mutual assistance with neighboring towns to respond to fires should it be needed. All benefit in lessening need for additional tax. City revenue is also increasing due to rising property values/taxes helping keep fire department needs met. We have excellent volunteer and professional firefighters. Fire and police departments funding is included under the annual city operating budget insuring adequate coverage, without a levy increase.

Statement

We are at a fork in the road, and I truly believe that this election will define our path forward. As 2-term Mayor Pro Tem, I have seen our Council's roles minimized, high turnover amongst city employees, and needless government spending.

When the Salary Commission looked into raises for the Mayor and City Council, I opposed the move because I believed it was unnecessary and an extra burden for taxpayers. As a member of the Finance Committee, I know that 2024 will be a tough fiscal year for Sedro-Woolley and I believe in lending a hand up, not just handouts. We need a leader who will make necessary budget cuts, be fact-driven, control wasteful spending, foster our Council's good ideas, and bring back our hometown hospitality.

Join me on the path of common-sense government and I will continue to put the great people of Sedro-Woolley first! I have done what I can on the City Council and now will lead us forward as your Mayor. I ask for your support in electing me to do this critical work for our city. Statement

I have lived in the same house on Garden of Eden Road for the past thirty-four years. Looking at the experience I have listed, it is easy to see that I have taken my obligation as a citizen of Sedro-Woolley and Skagit County seriously. I'm retired and acutely aware of the position many of our senior citizens are in that live on limited incomes. When a person has worked their whole life and find themselves being taxed out of their home and find it difficult at the grocery store its time our representatives start taking into account how todays decisions effect not only senior's but everyone. Long range transportation needs to be addressed now, not later. The traffic on Hwy. 20 and Cook Rd. is congested on our daily trips in and out of Sedro-Woolley. The way State, Federal and Local government works, it takes decades from inception to completion of important projects. The longer we wait to the longer it takes to accomplish needed transportation improvements. I'm a fiscal conservative who believes supporting police and fire are the number one priorities of the City. I'm asking you to vote for me in November as your council person. Kevin Loy

Statement

I hope to help usher in a season of collaboration. One where the city of Sedro Woolley works to partner with its citizens, the surrounding communities, and their governments to bring deep and meaningful change to all of our communities. Both of the Elementary schools in the ward 4 boundary have high poverty rates, which means there is a great number of families in our community that are never more than 1 or 2 paychecks away from being homeless.

There was a 70% increase in homelessness in Skagit county from 2022 - 2023 Those numbers are staggering and there is no simple fix. We all need to work together to bring resources and providers to our community to help those who are struggling and provide an avenue to be able to stay in the community they call home. As a service provider in Eastern Skagit county, I have experience working with other service providers and multiple different government agencies that serve communities with integrity and honesty and I look forward to bringing this experience to the Sedro Woolley city council. Statement

"Great teachers have always understood that their real role is not to teach subjects, but to teach students" - Ken Robinson, Ph.D.

Our student body, educators, and parents shape the future of our community with their diversity and education. The role of a school board is to balance the individual needs of these three groups within the budget set by the state and local levies and to ensure that we have a strategic plan and resources to educate our students with that end in mind.

My background in higher education allowed me to see the challenges of students ill-prepared with basic skills at the next level. The impacts of COVID-19 on our students will be felt for a generation and require an individualized approach to education beyond what we were used to. Budget and demographic headwinds will require difficult decisions and balancing priorities that my educational and CPA background will help address.

As a product of public schools K-12, and with two daughters who are also public school students, I recognize the value of a safe, inclusive, rigorous public education system. I will collaborate with parents, educators, students, and the public to ensure Anacortes School District delivers on that promise.

Statement

I am Skagit Valley born and raised and have had the privilege of living in Anacortes for the last 35 years. All three of my children attended Anacortes schools, from kindergarten through high school, and it has been a pleasure raising my family here. I believe in the strength of our schools, and I have been impressed with what the Board has dealt with and accomplished over the years. If elected I look forward to helping the Board continue to address numerous, important issues facing the District: making sure the District maintains financial solvency and fiscal responsibility; addressing input from, and transparency for, the public; and, the need to maintain and encourage equitable opportunities for all students regardless of their unique situation so that they reach their fullest potential. It would be an honor to contribute to this ongoing work. Involvement in our schools and community has been my priority for over three decades and my unique experience and skill set will help me be a champion for our students and schools.

Statement

I am a lifelong Burlington-Edison School District resident whose four children attended B-E Schools and went on to higher education. My grandmother taught in the B-E District as does my daughter. I am dedicated to serving on the school board and have rarely missed a meeting in the twelve years that I have served. I have been Board President for three years. I attend conferences, district events and special meetings beyond what is required to build on my knowledge of our district. This helps maintain an overall view of what is best for our students and make difficult decisions.

There have been significant budget challenges over the past years and I have watched our budget closely. I am proud that we have been able to maintain student programming including our Arts and Vocational programs. I have recently served on the West View Grade Level Structure Committee, and the B-E School District Equity Advisory Committee, and I look forward to continuing this work. We have also hired a new superintendent and I feel my experience will be important in the transition and I would be honored to continue my service for four more years

Statement

I am seeking election for the role of Burlington Edison School Board Director for District 5. I am excited to run for school board to bring a new voice to the board and the community and to advocate for the students of Burlington-Edison School District. I have a personal stake in B-ESD and its future as my two young children are enrolled in elementary school in the district. I homeschooled my children through the Covid-19 pandemic and know firsthand how important a fair and appropriate education is to our students and the continued support that is needed to provide them with tools for future success.

In my free time I enjoy watching my son play youth football and baseball, and cheering on our children racing mini sprints. My husband and I both grew up in Skagit Valley and it would be my pleasure to serve the Burlington community by being elected as Director for Burlington Edison School District.

Statement

I arrived in Skagit County in 1975 and am fortunate enough to have lived in Rockport since 1979. It has been an honor to serve on the Concrete School Board for the past 8 years, despite some very turbulent and challenging times. As we move forward, I hope we can re-build more community involvement in our schools. Today's students will be adult community leaders surprisingly soon and we can all work together to support them, which is the very best long-term investment we can make for our community. Please learn more about the great kids and staff in the Concrete schools, and the exciting learning that happens there every day. Then think about how else you can join in to help our kids. It's fun! Thank you.

Statement
 If we want a thriving community, we must invest in our children’s future with high quality education. I have dedicated 25 years to building educational opportunities locally, both in my work at Skagit Valley College and as a Mount Vernon School District Board member. As the current board legislative representative, I have been a tireless advocate for fully funded schools, increased pathways to high school completion, and more college credit opportunities by working with our elected representatives in Olympia. As a former business owner, I know we need to carefully oversee taxpayer dollars. As an administrator responsible for a \$7,000,000 budget, I have experience leveraging funding to achieve educational results. I first got involved in Mount Vernon schools when my daughter was enrolled in second grade. I understand firsthand the enormous opportunities and challenges for our students. Post-pandemic, it’s imperative that we find effective ways to support the significant percentage of our students suffering from anxiety and depression, accelerate students’ re-engagement with school, and foster a sense of belonging. As a professional educator, I have developed programs that significantly increase degree completion. The expertise I’ve gained in this work will be advantageous as we pursue MVSD’s 100% graduation rate initiative.

Statement

I attended Sedro-Woolley Schools, K-12, and I am proud to raise my children in Lyman, where I grew up, and where my family settled in 1902. I am running for school board to help our schools meet the needs of students, parents and the community. The district budget has doubled in the last 10 years to over \$84 million in 2023, yet student success has declined.

According to long-term state report-cards, half or fewer Sedro-Woolley students have acceptable grade-level understanding of English, math, and science. The district is spending nearly \$20,000 / student / year, which is more than twice as much as local private schools. This is unacceptable. My first priority will be funding classrooms, in support of all students learning basic subjects. Ultimately, the goal is student success in all graduation pathways, including Career & Technical Education and college-bound.

Current district policy prevents parents and community members from participating in decisions about school curriculum. I am the only candidate that will partner with teachers, parents and community members in curriculum and policy decisions that support families and student success. I ask for your vote so we can work together to make positive changes in our schools.

Married to my husband Ryan for 23 years. We have two children, Jacob Sedro-Woolley Class of 2022 and Samantha will be class of 2025.

A community that prioritizes students makes us stronger. Here is how I have directly prioritized students.

I have voted to fund and extend Career and Technical Education programs. I have worked within the community to increase partnerships and specifically those that offer internships and apprenticeships. These partnerships elevate hands-on student learning and offer a direct job pipeline as highly skilled employees to our local industries. Funding our Good Beginnings Preschool and our transitional Kindergarten classes, ensuring community children have access to early interventions and education. I have invested tax dollars into our buildings: new heating systems, window replacement, roofing, siding, and sewer repairs. These projects keep our students safe and focused on learning. I encourage community involvement with over 505 volunteers in our schools and over 3600 hours donated. I have prioritized High School Dual Credit and AP class expansion. Our Sedro-Woolley students are competitive in college and beyond. I am so proud of Sedro-Woolley School district. Statement

As a former K-12 student, a graduate of the Sedro-Woolley School District, and now the mother of two students at Big Lake Elementary, I am deeply committed to the success of every student who walks through our halls and the continued growth of our District. Whether through volunteering, coaching, or stepping in as an emergency substitute, my active participation in our schools has granted me invaluable insights from the perspectives of both students and educators. Having the opportunity to interact with our students regularly is my favorite part of serving in this position. I firmly believe in the power of partnerships and the continued engagement with stakeholders, including students, families, local businesses, school staff, and our community members. Each of these entities plays a crucial and integral role in strengthening our schools and advancing student achievement. The task of educating our students is an ongoing journey. As a District, we must continue to challenge ourselves, seek improvement in student outcomes and proficiencies, provide new learning opportunities, and make strategic investments to address the missed learning in recent years. Statement

We are fortunate to reside in a tight-knit community that values family and its significant impact on our education system. When communities engage with their schools, learning outcomes improve, graduates are encouraged to remain in the area, and the entire community prospers. As an educator, I possess a strong foundation to tackle the challenges of our education system. I will leverage my years of experience in community engagement and K-12 Schools to champion initiatives that strengthen the bonds between our schools, families, and community, including regular communication channels, community-driven decision-making, and opportunities for meaningful engagement. Together, we can foster a collaborative environment where everyone feels valued and genuinely invested in our student's education. When educators, families, and communities come together, we create an environment where all students thrive. With my experience, I will strengthen these connections and make the Sedro-Woolley School District an even stronger education institution for our children. Together, we can improve our schools. Statement

I grew up in Washington. As an adult, I was drawn to medicine. I earned my Doctorate in Osteopathic Medicine in California. I chose emergency medicine as my specialty and completed my training in NY. I moved to Mount Vernon, Washington, with my family in 2009. My husband and I are proud members of the community and are raising two Skagitonians.

On arrival, I worked at Skagit Valley Hospital. Ultimately, I left for a position at the University of Washington Medical Center. I have since left clinical medicine. The majority of my career was in academic medicine. For me, improving health care delivery by training future physicians was fulfilling and a way to create a positive impact. My clinical and administrative experience has led me to a greater understanding of the complexities in the delivery of healthcare from a financial, compliance and quality standpoint.

Serving on the Skagit Regional Health Board of Commissioners would be an honor. I would bring diversity and a wealth of experience in healthcare to our hospital board. I am enthusiastic about the opportunity to serve the community with my unique set of skills and passion for quality healthcare.

Proposition No. 1

Property Tax Levy for Fire Protection and Emergency Medical Services

The Board of Skagit County Fire Protection District No. 6 adopted Resolution No. 2023-02 concerning a proposition to maintain and adequately fund District operations. This proposition would finance fire protection and emergency medical services by restoring the District's regular property tax levy in 2023 to an amount not to exceed \$ 1.05 per \$1,000.00 of assessed valuation and authorize setting the limit factor at 103% for the following five years. The maximum allowable levy in the final year shall serve as the base for subsequent levy limitations as provided by Chapter 84.55 RCW.

Explanatory Statement

Written by Fire Protection District No. 6

Skagit County Fire Protection District No. 6 provides emergency fire protection and medical services to its citizens. If approved by the voters, this proposition will authorize the District to restore its regular real property tax levy rate to \$1.05 per \$1,000 of assessed valuation in 2023 for collection in 2024 (the current levy is approximately \$.70 per \$1,000 of assessed valuation and the District's tax levy rate was previously at \$1.05 in 2018). The proposition also establishes an annual growth rate of up to three percent for following five years. The dollar amount levied in the final year will be subject to the statutory one percent limit.

The District's Board of Commissioners has determined that this proposition is necessary to maintain an effective level of services, fire fighter staffing, equipment and facilities in light of rising costs. Approval of this measure will allow the District to maintain the level of fire protection and emergency medical services provided to its citizens.

Argument For

Please vote Yes for your District 6 Fire and Medical Service Levy.

Skagit Fire District 6 needs your support to pass a fire levy to keep up with the community demands on fire and emergency medical services. Call volumes have increased 102% since 2016. There were over 1,250 calls in 2022 of which 67% were medical related incidents.

Skagit FD6 is asking voters to approve a \$0.35 lid lift to return the levy rate to a \$1.05 per \$1,000.00 of assessed property value which will bring the rate up to the same rate approved by voters in 2018.

The approved levy will provide two additional resident firefighters, replace an aging ambulance, replace, and add much needed breathing/oxygen tanks and protective gear for firefighters, additional sleeping quarters for the resident firefighters that will enhance and increase 24-hour firefighting and emergency service response time for residents living within Fire District 6.

With the growing population, increasing ages of existing residents, increasing costs associated with the current day economy and the growing demand on FD6 services, it is important to pass this levy request to maintain the quality of service that Fire District 6 provides. In addition, these improvements will maintain or improve the Fire District's risk rating that will positively affect homeowner's insurance premiums.

Statement

As an incumbent for Fire Commissioner of Skagit Fire District #6, I dedicate myself to serving the citizens of Skagit Fire District #6, nearby city of Burlington, and the surrounding areas. I strive to provide a safe and comfortable area to live and work. I work with the Fire District to continuously protect and preserve life and property through quality education, prevention, disaster preparedness, and rapid emergency response.

My involvement in the fire service for over 35 years includes working with small and large combination fire departments and employing both volunteer and career firefighters. These experiences have provided me an education and working knowledge sufficient to devote my skills to my local neighborhood fire district in the capacity of Fire Commissioner.

My ongoing commitment to Safety, Leadership and Service will ensure that public safety and security are not compromised and that our first responders are all properly equipped to perform their life-saving work. I plan to meet the challenges of adapting to our changing community with a simple goal: provide the best possible service to the citizens of our Fire District quickly. Please vote for me and support my vision to provide for the safety and welfare of the public.

A lifelong Puget Sound resident, I have enjoyed our Lake Cavanaugh home since birth. I was born in Seattle and was raised in Edmonds. My wife and I raised our children in Snohomish. In 2021 I retired from the Boeing company. After raising our family, we relocated to Lake Cavanaugh. My wife is a retired RN and we are volunteer firefighters with the Skagit County District 7 Department.

Community Service
Volunteer Firefighter, Skagit County District 7 (Lake Cavanaugh) Fire Department

Statement
I am proud to be an active volunteer firefighter with the Lake Cavanaugh department. Recently retired from Boeing, I felt strongly that my people skills and management background in engineering and operations would be beneficial to our fire department and community. I would be honored if you would consider me as your candidate for the Fire Commissioner position I am seeking for Skagit County Fire District 7.

I am excited for this opportunity to serve, ask questions, and learn. As a permanent resident at Lake Cavanaugh, this would be my first time in an elected position. I have begun to appreciate the resources (people, financial) needed to operate a department such as ours. I have been exposed to basic firefighting and lifesaving skills as well as the hands-on training provided by our department leadership and fellow volunteer and full time (outside department) firefighters.

Thank you for your consideration and vote.

Statement

I have been honored to serve the citizens of Big Lake for the past 19 years. We have had many accomplishments over that time, including the completion of our fire station in 2013. We have some of the best trained volunteer firefighters anywhere. But we do still have needs, and challenges to fill those needs. Our equipment is aging out. And even though, through the diligent efforts of our personnel, it all looks exceptionally good, the reliability is dwindling fast. We pride ourselves on being able to respond anytime, day or night but old equipment threatens our ability to do that. I am committed to continuing our efforts to fund the needs of this department and thus ensure our high level of service. I will do all that I can to maintain the excellence that has always been expected by our taxpayers. Please help us keep the Big Lake community what it is. I would appreciate your vote in November. I am always willing to answer your questions.

Statement

I have been a lifetime resident of Big Lake and care about the betterment of our community. I enjoy water skiing, hiking Little Mountain, exploring Walker Valley, and spending time with family and friends. I'm an Eagle Scout and currently active in the United States Merchant Marine. I've completed training at three different fire academies. I was elected Big Lake Sewer commissioner in 2021.

Since 2017, 3 ballot measures proposed by the BLFD commissioners have been rejected, an unprecedented occurrence within the fire service. Unfortunately, it has created divisiveness in our community and strained the morale of our dedicated volunteer firefighters. Recognizing the need for change, I've decided to run for BLFD commissioner. I'm committed to fiscal responsibility and community transparency and will uphold these values throughout my tenure. I'll make sure our volunteers have the tools and equipment needed to protect themselves and our community. A vote for me is a vote for the essential needs of the fire department being met without excessive tax burden on our residents. I'm excited for the opportunity to bring our community together, support our volunteers, and continue the rich traditions of the Big Lake Fire Department. Please vote for Christopher "Kiffer" Anderson.

Statement

Guemes Island has been a central part of my life since my husband and I purchased our home here in 1998. I enjoy the beauty of our natural surroundings and the community of remarkable residents that makes Guemes Island such a vibrant community.

Guemes Island relies on volunteerism to support the many organizations that ensure our quality of life. I have served with Friends of Guemes Island, occasionally deliver the Sunday talk at the Guemes Island Community Church, and have been active with land conservation efforts with both the Skagit Land Trust and the San Juan Preservation Trust.

The GIFD is among the most essential organizations on Guemes. It has been an honor to serve the island community as a Commissioner, and as Chair of the Board of Commissioners for the past year.

While I have no experience as a firefighter or EMT, my experiences in Crisis Response, local government, and the philanthropic sector have, I believe, equipped me to be a useful addition to the GIFD team. I recognize the importance of listening and responding to those with differing opinions and the importance of conflict resolution to building community.

Statement

As a committed member of our community, I am honored to announce my candidacy for the Darrington Fire District #24 Commissioner Position #3. I believe in maintaining strong relationships between the fire district and our community. As Fire Commissioner, I will actively engage with residents, listening to your concerns and ideas, to ensure our fire district's services align with the needs of our community. Also, I recognize the importance of responsible financial management. I will work diligently as a team member allocating resources efficiently, ensuring that taxpayer funds are utilized wisely without compromising the quality of our fire district's operations. This is important in a small town like ours. By electing me as a Fire Commissioner, we will collaborate to create a safer, stronger, and more resilient community.
