As a voter, here are ways to ensure that your ballot is counted:

- Return your voted ballot quickly

- If you return your ballot via US Postal Service, make sure it is postmarked by Primary Election Day, August 6, 2024
- Sign your return ballot envelope
- If you receive a letter from our office regarding your signature, return it to our office as soon as possible.

The sooner voters return their ballots, the more complete the results will be when we post them on election night!

Results are updated as counties report and are unofficial until certification

How is my ballot counted?

1 Your county receives your ballot

Your ballot is picked up from a drop box by election employees or received from the post office.

2 Your signature is verified

The signature on your return envelope is compared to the signature in your voter registration record. If the signature matches, your ballot is accepted and you are credited for voting to ensure only one ballot is counted for you.

3 Envelopes and sleeves are separated

The return envelope is opened and the security sleeve containing your ballot is removed. They are separated to ensure the secrecy of your vote.

4 Your ballot is reviewed and scanned

The ballot is removed from the security sleeve and election staff review your ballot to verify that it can be successfully scanned.

5 Your ballot is counted

After 8 p.m. on Election Day all scanned ballots are tallied. Ballots will be scanned and tallied over the next several days until all the votes are counted.

6 Certification

The August 6 election results become official on certification day, Tuesday August 20.

Your signature matters

Each time you submit a ballot, we compare the signature on your ballot to the signature on your voter record. We can only count your ballot if your signatures match.

Here are a few tips:

If you register to vote online, your signature from the Department of Licensing becomes your voter registration signature. Take a moment and look at the signature on your drivers' license or state ID.

Your signature does not need to be written in cursive or nicely or even legibly. It just needs to be consistent and match what we have on file.

If you are not sure what signature we have on file or it's been a while and your signature has changed, you can update your signature by requesting a signature update form or filling out a registration form.

If there is an issue with your signature not matching or if you just forgot to sign, we will send you a letter, and if we have your contact information, we'll reach out by phone, email, or text.

To make sure your ballot is counted, you'll need to fill out and return your cure form before 4:30pm on Monday, August 19.

If you have questions about signature challenges or how to fix yours, please call us at 360-416-1702.

Elected Experience

Ram4usSenate is a public service application at personal risk. When elected office defaulted on "national security" I, we, and works of providence, toiled to keep RF bombs out of US. Please see www.ram4ussenate.com.

Other Professional Experience

Diverse management. Respectfully areligious with a natural inclination for grasping the foundations and direction of the church. I look forward to progress in eliminating LGBTQ intolerance and elevating women. Likely Vatican, governments, and RF influencer.

Education

Biochemistry major with coursework in Political Science, Urban Planning, Sociology and Anthropology.

Community Service

Activism for economic innovation around education, science, technology, and social service. Campaigning to eliminate institutionalized college deception.

Statement

Between 22 and 24 a set of provident social media anecdotes and my efforts were the inspiration behind an intrepid, benevolent force working to prevent a direct US, RF confrontation. To the anonymous, bright spirits devoted to preserving the East, West peace "Mankind to Infinity and to you Eternal Honors." Insight into the activity shielding EU and 300 million American lives from RF retaliation is available on my website: www.ram4usSenate.com.

My political activism began as a UW biochemistry student, with a flier highlighting institutionalized college deception. "The "smart" lie" by 2youtext1 (You Tube) provides argument for economic reform around education, science, technology and social service. Robotics and automation will eliminate the bulk of blue-collar labor. We can choose to control our destiny or allow sparse political actors and decaying systems to dictate poverty, unemployment, substance subterfuge, crime and warfare.

Campaign platform: housing and healthcare; education and economic reform; street and systemic crime; preventing WWIII, mental health and homelessness; the US Constitution and our guaranteed freedoms; easing LGBTQ plight and elevating women.

The war on the poor. The stories laboring to preserve our national security began in a multiplex linked to black mold (currently in public use.) My website explains why I believe the property is an ongoing hazard to past, present and future residents, and the public.

Note: In a nuclear age, there is no intelligent WWIII scenario. We must adopt sustainable solutions. The wars in the east threaten the future of all mankind. In 22 our generals expressed concern the aid packages may be declared a direct provocation by Russia. The caveats were based on solid reason. Ram4USsenate provides insight into how elected office guess gambled P's state of mind and missed. Please love life, protect our future, and share hope, inspiration and this knowledge.

Candidate statements have been reviewed and accepted by the Office of the Secretary of State and have been printed as submitted.

Statement

This election is an opportunity for the people of Washington to change the way we are governed, to stop the cycle of divisive politics that ignores the best interests of our people.

Serious crises aren't getting the attention they should. Fentanyl is an extremely dangerous drug that is killing Americans indiscriminately. Dr Garcia, an Emergency Room physician, sees far too many overdoses, and knows far too many families who've lost loved ones. Dr Garcia is the only Senate candidate with a plan to seriously combat the Fentanyl crisis, using a proven approach that targets dealers with prison time, and helps addicts with a robust program of treatment and recovery.

Another crisis is the cost of living. Washington is the fourth most-expensive state for groceries, and the eighth most-expensive overall. Many people are at or near the end of their financial rope due to rampant inflation. We can help tackle inflation by stopping reckless federal spending that adds to the national debt, and boost productivity to ease prices for consumers. Dr Garcia will be a voice for fiscal sanity.

As an Emergency Room doctor, Dr Garcia spends his days helping people. As a refugee from Cuba who found a home in America, he loves our country deeply. As a son raised by a single mother, he respects the men and women who work so hard to make a life for themselves and their families.

Dr Garcia isn't a career politician. But throughout his life he has been a leader – in the medical profession and in the community. He serves patients as a doctor, and he will serve the people of Washington as their US Senator.

Our state is a wonderful place that has gone a bit off-track. We can definitely do better, and with Dr Raul Garcia we will.

Statement

I vow to represent your interests, values, and aspirations. I'm running because I believe in a better future for our state and nation. Where everyone has access to quality education, health care, and employment. Where we protect our environment, our democracy, and our constitutional rights. Where we work together to solve the challenges facing us as Americans and global citizens.

I'm a USAF veteran with multiple overseas deployments. I've lived and raised my family in Washington for 20+ years, seeing some of the best and worst of our state. With a background in retail, real estate, youth education, and business data analytics (local and international); I've fought abroad for the nation now I'll fight alongside you to bring our perspectives, knowledge, and experience to Congress.

I'm dedicated to protecting our environment and combating climate change, advocating policies that promote clean energy, conservation, and sustainable development. Access to quality healthcare is a fundamental right. I'll work tirelessly to ensure affordable healthcare, regardless of income or preexisting conditions. Children are the future. I pledge to increase funding for our schools, support our educators, and make higher education more affordable and accessible.

I'll champion policies that create jobs, support small businesses, and revitalize our local economies. Introducing legislation to incentivize businesses to hire locally instead of outsourcing to other countries for cheaper labor. Together, we can ensure a prosperous future. I'm committed to improving law enforcement while promoting transparency, community policing, and criminal justice reform. Rehabilitation for the incarcerated and support for impacted communities is vital to successfully reintegrate them into society, reducing the likelihood of reoffending. I'm committed to responsible and effective budgeting, eliminating wasteful spending, and lowering taxes while ensuring essential services are maintained.

Your involvement is crucial! Together, we can shape a brighter future.

Statement

Affordability. Jobs. Rights. Security. That's what I focus on as your representative in Washington, D.C., not hyper-partisan politics.

Affordability: Food, energy, housing, education, childcare, and prescription drugs all cost way too much. That's why I helped cap monthly insulin costs at \$35 for Medicare enrollees and am fighting drug middlemen that inflate drug prices. My law made manipulating energy markets a crime, allowing the government to claw back billions in ill-gotten profits. I championed tax credits that built millions of affordable housing units and made childcare more affordable.

Jobs: Bringing manufacturing and supply chains back home are the key to creating jobs, raising wages, and growing the middle class. I developed a new law that is bolstering STEM education and apprenticeships, and will triple U.S. semiconductor manufacturing capacity. Our agricultural economy is stronger because we stood up to foreign shippers and reopened markets for Washington apples and lentils. We kept freight moving with record new infrastructure investments. I improved access to credit for small businesses and created more opportunities for women- and minority-owned businesses.

Rights: Freedoms we once took for granted are under assault. I've been fighting to codify Roe v. Wade, protect access to contraceptives and IVF, and block anti-choice states from prosecuting women. Washingtonians have a right to clean air and water, which is why I led efforts to protect pristine public lands, restore salmon habitat, and transition away from fossil fuels.

Security: Fentanyl is devastating too many Washington communities, so my new law declares fentanyl a national emergency and gives local law enforcement more resources to stop it from crossing our borders. Veterans have served our nation, which is why I have fought to protect their health care, including 124,000 Washingtonians exposed to toxic materials.

I am asking for your support in the U.S. Senate race.

Statement

This isn't a game, nor a joke: the Gamblers on Wall Street, the Federal Reserve Bank, the Republicans and Democrats have been blowing smoke up your ass for a long time now, you've been hosed. There is no 15 to 30 second sound bite that can cut through the stench. Reading and math scores in this nation are abysmal, the hand wringing over Fentanyl overdoses, deaths is unconscionable and leaving a \$34.6 Trillion mess for the kids is disgusting. It is past time to clean things up, no more kicking the can (2024 interest on debt \$2.931 Billion per day; last year, \$2.418 Billion).

There are two options here, either the political parties and their minions weren't capable of figuring this out or they didn't care! If they didn't care the question becomes, Why? Which one or combination of the three options was/is it; Power, Control or Greed?

During Reagan's Presidency(R) the deficit increased over 185% from all the years previously (tax cuts & Starve the Beast). Clinton's Presidency(D) gutted Glass-Steagall (unregulating investment banks), The Commodity Futures Modernization Act (deregulated Derivatives).

The only way to stop the Millionaires and Billionaires with their special interest groups and political action committees (PAC's) is the involvement of people who have been steam-rolled by their agenda. The Constitution of the United States starts out with We The People, that means all of us not just the Special Interest Groups and Political Action Committees.

Are we going to continue living this way or opt for change before it is forced upon us. Interspersed throughout the website InsanityRules.org are some solution offered because sincere discussion followed by action will be the only way to get off this highway to hell. Want change, vote differently. These problems are serious, the time for humor is over, participation matters.

Statement

America is at a crossroads. We are a nation in decline. For the first time in our nations history future generations have less opportunities than their parents did. The cost of living is skyrocketing, our country is being invaded and is no longer safe, we are 30 trillion in debt, 70% of Americans think we are on the wrong track, and the current leadership in the U.S. Senate is either America maybe, or America last. I have had enough of America last.

This election we must decide who we are going to be as a people going forward and what it means to be an American. If you are one of the millions of Americans who feel that the current political leadership has abandoned you, my message is simple: *you are not politically homeless*. America First policy is not 'far right' or 'extreme' - *it is common sense*. It is time to secure our borders, stop the spending, end the corruption, lower taxes across the board, and create an environment where all Americans can thrive. I have a clear, *common sense*, legislative plan to get America on the right track.

It is time for a new generation of leadership. It is time for common sense America First policy that Republicans, Independents, and Democrats can all agree on. A government that works for all Americans. We cannot expect our government to represent everyday Americans if there are no everyday Americans in government at the highest levels. With your help, I can change that. I am offering a new path and an America First vision that works for all Americans. Join me. Together we can make America great again and provide a brighter future for our nation.

My name is Isaac Holyk, I am fighting for America, our children, and you.

Statement

If you're like many voters I've met, you believe Congress is broken – the infighting, divisiveness, tribalism, and accusations. It looks bad, and it's getting worse. Meanwhile, people like you and I are losing out on the life we were promised – and the life we've worked for.

Inflation is killing jobs and eating away at savings. Home ownership is becoming more out of reach – even for people with good jobs and no debt. School safety has eroded. Education hasn't recovered from the learning loss inflicted upon kids by school lockdowns. The Ukraine war is still raging. As all the tensions and wars in the Middle East continue Americans are beginning to lose hope.

I want to change the course of our state and country. No matter your party affiliation or if you're an independent, I will represent you and would sincerely appreciate your support. I will listen to and represent all Washingtonians, not just those with the loudest bullhorns or the biggest wallets.

As your U.S. Senator, I will focus my efforts on three areas. First, to protect our children at school so they can learn in a safe environment by installing National Guardsmen or other officers at every elementary school.

Second, begin a focused national dialogue to deal with the national debt and the approaching fiscal cliff. We're now nearing \$35 trillion, almost \$270,000 per taxpayer. The lives we live, and the dreams we strive for, are in peril unless we act now, before it's too late.

Third, restore hope and focus on academics at our schools. Students are still suffering from what they lost during Covid. We need a rapid revitalization plan to get kids back on track to help them prepare for college. We need solutions to college affordability.

Statement

Our Lord Jesus Christ is the way, the truth and the life. We live in a time plagued with diabolical disorientation. We are in a spiritual battle between good and evil. Our suffering will only increase until we sincerely call upon God for His mercy and grace. The ever-increasing cost of living is pushing American families to the breaking point. All of the wealth is systematically being concentrated to the rich and powerful while the middle class is being wiped out. Americans are being forced to become dependent on big government and relinquish their liberties for a small taste of a false sense of safety. This is all being facilitated by our fiat currency and the Federal Reserve. The career politicians, crony corporatism and bureaucracy in D.C. do not have the interest of the American people at heart. The federal government will continue to borrow, spend and print money endlessly until our currency becomes worthless. We currently have an unsustainable debt of over \$34 trillion, we are in a state of perpetual war and send money to foreign governments abroad and illegal immigrants domestically while our own citizens are left to carry the heavy burden of these inflationary policies.

Propaganda we are fed from the news and social media are trying to divide us just as the devil wants.

It is time we stand together and stand up for what is right. It is time that the good men and women finally fight more fervently than those who spread evil. It is time *we the people* are served by our government again. It's time to secure the border, return to sound gold-backed money, stop our reckless federal government spending spree and end our perpetual state of war! It is time for life, liberty, peace and prosperity! God bless the U.S.A.

Statement

Hi, I'm Thor Amundson, and I am a pro-democracy candidate. Born and raised in Eastern Washington, I've lived and worked throughout the state, and this has given me the opportunity to talk with people in all walks of life, and to consider the variety of issues facing them. I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

If corporations move to other countries, they should follow the same rules and labour practices as in the USA. Stop shipping logs, jobs, and clean air and water overseas. Turn off reactor at Hanford and no new reactor; stop making the mess. Replace Hanford with geothermal power generation. Nationwide public internet access for everyone and net neutrality. Ban the use of certain weed killers on federally funded sites like easements, fencelines, ditch banks, and public schools. Overturn Citizen's United.

Picture a state and a nation where your children can afford to live. Federal and State and private land that has been swapped with Federal and State land should be open for off-grid homesteading. A place where elected officials are chosen by the people, not by their financial contributors. Make C-Span more entertaining. Rather than propose campaign reform, I am implementing it. I will lead the United States into the 21st century.

I will go to Washington DC and bring back financing for the Washington state ferries system and for upgrading the irrigation systems of Eastern Washington, and for clean water and clean air. Vote Thor.

Statement

We are still at the beginning of the Space Age! Please think of your Earth as a beautiful spaceship. We are the passengers and crew members on Spaceship Earth. We are traveling in space around our Sun while our Sun travels inside our Milky Way Galaxy. I, Goodspaceguy, predict a prosperous future in space will come through orbital space colonization around our Spaceship Earth and in the Goldilocks Zone around our star, the Sun. Let's start with small space habitats. Also let's save, boost up, and improve the International Space Station.

Using voluntary, competitive, free market economics, let's raise the living standard of the workers. Let's reject the Big Government Command Economy that through force and misallocation produces homelessness, wild spending, and poverty.

Workfare is better than welfare. Welfare is a heavy burden for the workers. Free market economics can rehabilitate Spaceship Earth by transforming problem people into productive people. Worldwide we are struggling between Command Economies and Free Market Economies. Profits grow jobs, but the minimum wage laws reduce profits, which decreases jobs.

The workers create the goods and services that make up the living standard. Then tricky taxation takes from the workers and gives to the welfare recipients. The workers are robbed. The incentive to work is decreased. The minimum wage of the Command Economy creates a stressful work atmosphere and decreases profits. Jobs are lost. Crime and poverty increase. Let's defend the incentive of profits that come from serving you, the consumer. Study Free Market Economics! Abolish the job destroying minimum wage! Economics tell us how to raise the workers' living standard. Work builds up the living standard.

Should we stop the population explosion that is exterminating the wildlife of Spaceship Earth? Should we replace the complicated federal income tax with the simpler head tax?

The whole system of Medicare and many other aspects of our health insurance system need to be updated and reformed by Congressional action. As someone who for 27 years has seen close-up how Medicare works and doesn't work I hope to represent the people of our area of Washington in the US Congress. My dream is that each voter and resident, many of whom I have had the pleasure of meeting during this campaign, meet their full potential for education, work, health and retirement. My work will be not only to vote in Congress but to explain, speak up, ask questions and listen in Washington DC as laws are changed and decisions are made that affect all of us here in Washington, all of us in this country of great resources, great minds and wonderful hearts. We have come through a draining pandemic crisis with stronger systems, stronger convictions and more awareness of each other and how we all fit into each other's health and well-being. We lost so many loved relatives and wonderful friends. To paraphrase Abraham Lincoln, It is for us who remain to learn and to build on those lessons. With my experiences as a physician leader and my perspective as a former airplane mechanic and pilot, I can represent our towns, cities, farms and islands with a well-earned heart, a love for better health and a keen interest in aviation technology here in this land of scenic views, wonderful hikes and life-giving rain. Statement

As a government watchdog, proud father, Navy Veteran, small business owner, and Civil Engineer I am confident I have the unique background needed to better address the challenges our region and country are facing as Washington States 2nd Congressional District Representative.

I am committed to stopping the criminal invasion at our southern border, restoring election integrity, and ending the excessive spending in Washington D.C. that has resulted in the worst inflation our nation has ever seen. I offer my real experience with election integrity and as a government watchdog identifying hundreds of millions of dollars of waste, fraud, and abuse in our infrastructure system to those who want real accountability.

As a veteran, I oppose America entering into unprovoked wars or that our country needs to act as the world's police force. American security begins at home and having strong borders with a thoughtful immigration system reflects we are a strong nation.

Being a father of three daughters in the public school system, I believe in fighting for parent's rights, fighting for a girl's right not to have to compete with biological males in school sports, and fighting to stop activist teachers from pushing their beliefs in the public school system.

Our nation was founded on the belief Americans have the right to bear arms and in this time of increasing violence and crime I will defend this right to ensure it is not infringed upon.

As a state leader in the election integrity fight, I am ready on day one to fix what has been happening to our nations elections system, stop those who do not want free and fair elections, and restore faith in election results. Education

I graduated from Pacific Lutheran University in Washington state and have a master's degree from the University of Minnesota.

Community Service

My parents were an important influence on me, encouraging me to be involved in my local community. Their encouragement continues to be a motivation for my service to our communities.

Statement

It is an honor to represent Washington's 2nd District in Congress. My family has called Northwest Washington home for over 100 years. My father was a union power line worker and my mom managed the books while raising eight kids in Arlington. They embodied the values that unite us: working hard, caring for each other, and serving the community. My wife and I taught these same values to our two sons and, we are thankful to say, both have launched their own careers.

Our shared values guide my work to serve you - and they are at stake in this election. In the next Congress, I will protect voting rights and reproductive freedom. Healthcare is a right, and I will fight to expand access and lower costs, especially for veterans and seniors. Last Congress, we capped the price of insulin at \$35/month, and we must keep fighting to lower prescription drug costs.

Our economy should work for everyone, but right now, too many hard-working people are struggling to make ends meet. My top priority is to bring economic investments to the 2nd District that create good-paying jobs that support families.

Fentanyl is a growing threat. I believe that addiction is a disease, and I am working to bring funding to local prevention and recovery services as well as strengthen law enforcement's ability to hold accountable those who bring these drugs into our communities.

Washington's environment is vital to our way of life and economy. As the Transportation and Infrastructure Committee's top Democrat, I am committed to mitigating climate change and advancing Northwest Washington's leadership in renewable energy.

Serving you in Congress is about fighting for our shared values. I ask for your support to continue to invest in the middle class and stand up for vulnerable communities.

Statement

This election is the opportunity of our lifetimes. With the critical, record turnout needed to reject Trump's threat to our democracy, we can also elect bold Democrats to *finally* build an America that prioritizes you and your neighbors over corporations.

My "Case for Hope" includes an ambitious two-year plan to save our democracy, guarantee reproductive rights, keep kids safe from guns, and reform the Supreme Court. Unlike the incumbent in this race, I support the Green New Deal and Medicare for All and will never take a dime of corporate cash.

When the opportunity comes to reverse decades of GOP tax breaks and make corporations pay their fair share, we need a representative who is *not* beholden to those same corporations. We can't afford baby steps and half measures from corporate-funded, doormat Democrats.

I was raised by my fiercely loving single mom who struggled to keep our little family afloat. There were lots of tears, but Mom was a fighter and taught me to be the same. We need fighters now, in Congress.

With my decades of experience building successful startups and nonprofits and fighting poverty, I'll bring a unique, progressive voice for change to Congress. And I will build upon my many years of activism for gender equality and human rights.

My entire life, I've been told the things I want to do are impossible—and then I do them anyway. This is the kind of vision and fearlessness we need now in DC. We can build an America that is truly great—we can lower costs for you and your family, tackle our homelessness and fentanyl crises, and deliver the high-paying jobs that our community deserves. Local "Hope Heroes" are already fighting for that future, and I'd be immensely proud to do the same as your Congressman.

I have worked on numerous ballot initiatives, including I-502 which legalized cannabis in 2012.

Statement

I am the only progressive candidate running for this seat that cannot be pressured by the political establishment, AIPAC, the fossil fuel industry, the war machine, the for-profit health industry, or any of the other massive corporations that flood Congress with endless lobbying dollars.

The stakes couldn't be higher. Both corporate-captured major parties are funding and arming the genocide of Palestinians that we witness daily on social media, with a death toll over 35K, including at least 15K children.

Tens of millions of Americans still have no health insurance. Even with insurance, healthcare services are often unaffordable and medical debt remains the single biggest cause of bankruptcy. Housing instability is skyrocketing and 1 in 6 children live in poverty. Every ecosystem on the planet is impacted by the ever-worsening climate emergency. We have already shot past limits established by the Paris Accords. But rather than mitigating climate effects to work towards a livable planet, the political establishment funds the war machine.

I support an immediate and permanent ceasefire for Gaza and an end to all funding for genocide. I support universal health care, a real Green New Deal, and a democracy that works for working people. In my two prior runs for this seat, I earned over 30K votes each time.

As a former labor leader, I will fiercely fight for unions and pledge to donate 30% of my post-tax Congressional salary to strike funds and mutual aid organizations. Big money has corrupted our politics and bought our politicians. The status quo is not sustainable. We must demand better.

Imagine representation that puts people over corporate profit, with a verifiable decades-long history of fighting for justice. This is a strong and vibrant campaign speaking to critical and immediate needs for a sustainable and just future. Vote Jason Call for WA-02.

Statement

It's an honor and privilege to serve in this district as a young elected official. This community fills me with courage, compassion, and hope for a better future. I am the product of parents who immigrated to the United States as refugees after escaping war. We fought hard to attain the American dream and move into the middle class. Every second of my life has been lived with the understanding of how precious our democracy is, and how important our workers are to our collective future.

America is at a pivotal point where we need new leaders who will strongly advocate for the issues that matter most. With women's rights under attack, billions of our tax dollars that could be invested in our own communities being used in foreign wars, our teachers and schools in desperate need of funding, the looming threat of climate change, our farmers and farmworkers in need of support, and the worst affordability crisis in generations, it is time to acknowledge that business as usual is not working.

As a proven leader who came into my position against all odds, I spearheaded initiatives in my city that have led to an increase in affordability, accessibility, and that have provided mental health support in area schools. I'm ready to bring the community's voice to Congress. I am running because it's time to pass the torch to the next generation of leaders who are more willing to put the needs of people ahead of the needs of big business, corporations, and wealthy donors. District 2 deserves an advocate who truly understands their needs. I will fight for you, for your rights, and for your values. Let us join together in shaping a future that is defined by progress, unity, and hope.

Statement

Truth, Transparency, Trust, Together! I'm a moderate Republican! 2024-2028 must be years of courage and action to move our State forward. We have a 'financial livability' issue within our state.

First, there is to much taxation for working families! Without thinking of the financial crunch that Covid and Inflation caused, more taxes was levied on us. When times are financially difficult the state must lessen it's tax burden upon its citizen's. The key is balance with Governor priorities and needs of the citizens.

Seattle, Bellevue and commuters North helped pay for the I-405 road construction via a toll tax in 2015. The still existing toll tax has generated three times it's construction cost of \$50.4 million. Still the toll tax remains. It should be removed or have the citizens chose an alternate budget item for it to go to.

Second, our state is the 8th worst for the production of homes. we need 225,000 homes by 2030 to keep pace with economic growth. Housing is key to reducing intergenerational poverty and providing economic mobility to the low and middle class. The housing shortage will continue to crush family incomes, making it harder to stop rising rent costs and increase homelessness. Our governor needs to be more proactive. There is opportunity here to launch an economic and job, housing transformation.

Third, We need to keep our communities safe! First, be tough on crime and second, be tough on the causes of crime. Public safety takes precedence over the inequities of the justice system; that needs addressed afterwards. We need to fund the police and ensure they are well trained. We need creativity in developing programs that lead and reduce all levels of crime.

Fourth, we need to launch an ambitious rollout of technical, vocational and trade schools in our high schools.

Statement

My name is Cassandra Magdalene Hanson. I was born on April 13, 1972, in Waukegan, IL. At the age of three I moved with my family to Opportunity, WA. I grew up in this area and attended schools here. I have a strong work ethic, and am people oriented. I have gained many work-related skills and worked with a wide variety of people. I have a passion to be the voice of the people and I will stand up for people's needs. I will go up and above to get whatever needs, within reason, are to be met.

I believe every voice needs to be heard and I want the opportunity to hear the voices of the people and work with you and for you. There are families with little to no food. Sometimes the only nourishment children receive is provided by the schools. There is a new federal program and with a push from Senator Patty Murry, this summer program funded from the state legislature will provide families with a \$120 preloaded EBT card for grocery stores and farmers markets. We appreciate the Senators ability to get funding and we are grateful. \$120 is a good start but as many of us realize this amount will not cover the needs because food prices are skyrocketing and if I am voted in as governor, I will fight for this cause.

Harsher laws for drug dealers, peddlers and addicts need to be put in place. If we as a state are concerned about these issues, we need to get involved by contacting our local authorities, law enforcement, governor, and senators. We need safety and we need to protect our children.

Other concerns and issues that need to be dealt with are more drug and alcohol rehabs.

Statement

<https://www.youtube.com/watch?v=1DIJJNUSB0s>

I am proud to be part of a movement in Washington dedicated to eradicating homelessness and addiction. For over 27 years, I've built relationships with homeless individuals through feeding programs and encouraged them to join recovery programs, leading to thousands of successful recoveries and millions of meals served. This includes programs volunteers fund on their own in homes and organizations like Christian motorcycle associations, which are currently unsupported by Washington.

As a school bus driver, I've seen the dangers of fentanyl on school buses. We must protect our children from this threat. We can transform lives and create a brighter future by offering compassion and support. I have a plan to bring lasting change to our schools.

In September 1996, on an island in the Pacific Northwest, I witnessed a horrific event involving a young girl being abused by a group. When I tried to report it, I was threatened by the community and authorities. This terrifying experience exposed the deep-rooted corruption and abuse in our system and ignited my mission to protect the vulnerable.

As governor, I will fight corruption by establishing an independent commission investigating law enforcement and government agencies. I will also implement stronger protections for whistleblowers to safeguard those who speak out.

We must also overhaul our foster care and family court systems and install the parenting evaluation produced by U of W and discarded by our politicians. I will ensure regular audits of family courts and create a task force to combat child trafficking. Additionally, I will expand mental health and addiction services; together, we can make Washington State safer.

Statement

I'm running for Governor because in the past decade our state has become unaffordable and less safe, which is why we need a change in leadership. My wife and I want our own six children to be able to afford to live in Washington after they finish school. Every Governor for the past three decades has been a lawyer, it is time for a small business owner in the Governor's office so we get value out of current tax dollars rather than asking for new taxes every year.

During my time in the senate I have pushed back on both the extreme right and extreme left. I have a long track record of finding bipartisan solutions to our state's biggest challenges. We need a Governor who will bring people together, not divide them.

I'm endorsed by the mayors of Everett, Ellensburg, Kent, Renton, Lacey, Mercer Island, Woodinville, Snoqualmie, Covington, Maple Valley, and Issaquah, because I'm committed to state investments to improve local public safety. I'm endorsed by *law enforcement organizations* and *Eastside Firefighters* (Local 1762) because I'm a public safety champion. I'm endorsed by *Seattle Council President Sara Nelson* because I led the charge to make sure our state did not decriminalize dangerous drugs like fentanyl. I'm endorsed by our *Secretary of State Steve Hobbs*, *Senator Annette Cleveland*, and *Senator John Lovick* because I always stand up to protect women's reproductive rights (I have four daughters). I'm endorsed by the *Realtors* because I'm a housing champion. I'm endorsed by our *Public School Employees* (Local 1948) because I'm a champion of our public schools (my wife is a teacher).

I'm a dad on a mission to keep the state I love affordable and safe for my children. I would be honored to earn your vote so we can change Washington together!

Statement

When Martin Lee Wheeler was hired as a professional firefighter, he took an oath to uphold the laws of Washington State, which he did for over 30 years as a public servant. He will continue that pledge as the Governor for our Great State of Washington. Republicans, Democrats, Independents and citizens agree the Governor of the State of Washington needs to be transparent to "We the people" and serve the entire population in all thirty-nine (39) counties. It is no secret a large section of our state border needs protection. He is committed to protecting the State of Washington residents and will provide full support to fire, police, and military personnel. His understanding of corporate and private logistical needs will be shared through his Executive Administrative Team of Directors. He will lead by example, will showcase the natural beauties our great state has to offer everyone, so all can enjoy the flowing waterways, forests, and mountains which must be protected with common sense principles. As Governor, he will bring corporate transparency and viability to the bi-annual budget. Integrity is key to this democratically led republic. He will continue to prioritize all areas of Washington which require safety standards for roads, highways, by-ways, and schools of all denominations. Health Departments are a critical part of the infrastructure of Washington State.

However much more needs to be done. That is why I am asking for your vote.

I am committed to Washington State and its management, which must be fair. I will work tirelessly and diligently to answer public requests and keep communication lines open. Together we can balance progress, sensibility, and compassion with collective bargaining. I pledge to the citizens to listen, negotiate and continue to serve you. Statement

As an American citizen of Japanese descent, born and raised in Washington State, it is my honor to run for office. As Governor, I have a powerful plan to address a Nationwide problem of drug-related, homelessness that begins in our own Evergreen State. My strategy involves mandatory rehabilitation, community involvement, and medical/psychiatric care, with work-related training programs, promoting self-sustaining futures for each individual.

Public schools that impose sexually mature agendas on vulnerable minds will be held accountable to an appropriate curriculum that includes guardian involvement. Children will not be given the option of making body-altering decisions with a doctor, funded by our taxpayer dollars, especially without parental consent.

My strategy will be to reallocate resources, making housing and the cost of living more affordable, while empowering change! With higher fuel taxes, around 49 cents per gallon, and exorbitant sales taxes imposed by Legislators, I will fight hard for you. I will take radical steps to protect your rights to life, liberty and the pursuit of happiness, with improved, 2nd Amendment firearm safety training, while working diligently with our police force and state legislators to reduce unnecessary government spending. Our beloved Veterans and Seniors should never have to wait 5 months, or even 3 hours just to see a doctor!

As your Governor, I will make all Washingtonians a financial priority, with aims on thresholds being heightened, and growing property taxes being capped, so senior citizens are not forced back to work during retirement years, of which social security will be kept safe.

I will prioritize the importance of family, and actively promote Dad's parental involvement, especially with their sons.

As Governor, I plan to bridge the gap between both parties in one united goal; pursuing peaceable solutions that improve a better for us all; who always work better together.

Statement

Washington has been a lifeboat in a churning sea of embarrassing national politics. As our country loses freedoms (like Roe V Wade), and is ravaged by pandemic, inflation, ecological collapse, and democratic erosion, the people have held strong defending our state's values and way of life. I'm running for Governor because we can't wait for Congress to secure our own futures in the state we call home.

I'm a lifelong Washingtonian. I was educated by our public schools like Inglemoor High (go Viks) and UW (go Dawgs). I've worked up and down our tech industry from the scrappy Code.org to the multinational Microsoft. I've been a full-time movement leader at Whole Washington organizing marches, leading ballot initiative campaigns, and testifying to commissions in Olympia. If elected, I'd be Washington's first Governor of Viet descent.

Washington has every ability to implement life changing policies like universal healthcare, a housing guarantee, and tuition-free higher education. These universal services will provide immediate relief to millions and ensure nobody is left behind while enabling us to make important transitions in the face of changing technology and global competition. These policies aren't just possible, they are sensible investments in public goods.

Our state has a higher GDP per capita than even the wealthiest nations of the world like Norway and Sweden. It's home to 13 billionaires, leading industries, and top research institutions. But our greatest wealth is the ingenuity, independence, and compassion of our people.

The world we want is possible today in Washington and is only a matter of political will. I aim to be that political will whether through active citizenship or from inside the Governor's mansion. I am your organizer, but you my fellow Washingtonians are the movement.

Statement

As a former single mother, veteran, wife of a union worker, author, and small business owner, my lived experiences represent the struggles and triumphs of everyday Washingtonians. I'm not running alone; we are running for Governor, uniting in a community-driven campaign to amplify marginalized voices and enact genuine change across our state.

Fiscal responsibility and accountability are non-negotiable and will be addressed from day one.

My diverse background equips me with a profound understanding of the legislative process, government operations, and advocacy for critical issues. With my listed leadership roles and political engagement, I bring valuable insights into national security, defense policy, and veterans' affairs, informed by firsthand experiences and challenges faced by service members, veterans, and our families.

Through my nonprofit organization, which educated youth on the legislative process, and internships with State Representative Jimmie Smith, I gained invaluable exposure to the inner workings of government, decision-making, and the importance of fair governance. My professional journey underscores my leadership abilities, collaborative spirit, organizational management, and advocacy on behalf of constituents, mobilizing diverse groups toward common objectives.

Like many of you, my family struggles with economic challenges, and realizing the American dream feels like a nightmare. Unlike my opponents, who lack the lived experiences of the voters, I offer a fresh perspective, untainted by career politics. To effect real change, we must break free from the status quo for the betterment of our state.

As Governor, my commitment is to Empower Every Voice and Build a Politics Removing Labels. Together, we will dismantle stereotypes, encourage dialogue, and empower communities to actively shape the future of governance.

Other Professional Experience

Bob began his professional career in Eastern Washington. He worked with federal judges appointed by presidents of both parties. Bob represented taxpayers, local governments, and small businesses. Growing up, he worked delivering newspapers and washing dishes at a senior home.

Education

University of Washington; Law Degree, NYU.

Community Service

Bob served in the Jesuit Volunteer Corps, managing an emergency services office assisting vulnerable individuals and tutoring kids.

Statement

Son of a special education public school teacher and a Boeing employee, Bob takes on the toughest fights, solves problems, and gets things done for you—not powerful interests. He is the only candidate who refuses campaign contributions from corporate PACs and large corporations. Never satisfied with the status quo, he'll protect your rights and deliver change for Washington.

As Governor, Bob's top priority is improving public safety. He'll hire more police officers to combat crime and fentanyl. He took on powerful drug companies, winning \$1.2 billion for increased treatment and first responders. Nurses, firefighters, and prosecutors endorse Bob because they trust him to combat public drug use and improve the mental health system. Bob worked alongside law enforcement to end the rape kit backlog and bring justice to survivors. He knows how to bring people together to solve big challenges.

Bob and his wife Colleen, who works at a community college, are raising teenage twins. Bob knows high housing prices make it hard for too many families. He'll work with both parties for commonsense solutions to address homelessness and rising housing costs—building 200,000 affordable homes in four years. Bob will increase opportunities for every Washingtonian to get ahead by investing in career education, skills training, and apprenticeships.

Bob understands our democracy is threatened and successfully blocked dozens of illegal Trump administration actions. As Governor, he'll defend our democracy and protect Washingtonians. A champion for reproductive freedom, Bob is the only candidate endorsed by Pro-Choice Washington and Planned Parenthood.

In contrast, Congressman Dave Reichert said, "I love Donald Trump's policies," and voted with Trump 92.5% of the time. Reichert repeatedly voted to impose a nationwide abortion ban that criminalizes doctors and to abolish the Affordable Care Act. Reichert opposes marriage equality.

Bob fights for us.

Statement

The Democratic party has failed us. I'm Chaytan. I am 22 years old, and I am not a politician. I'm running for governor for one simple reason: We – me, my generation, your kids, and your future – are out of time.

Fossil fuel use in Washington state has increased under Jay Inslee (EIA State Energy Consumption Estimates, 2023). That's right. Despite clean energy subsidies, wind farms, and the cap-and-invest program, fossil fuel use has increased. While crops dry out and heatwaves strike, our politicians broker corporate lies, enrich the rich, and make us pay. Other candidates have no reply. I do. On day one as governor I will declare a climate emergency and shutdown building the GTN Xpress pipeline. But that's just day one.

It's time to stop lying to ourselves about the environmental crisis. Energy is not infinite so GDP cannot grow indefinitely. Infinite growth is illogical. Worse, growing GDP enriches a few and crams people into cities, destroys the environment, and raises prices. We're investing in EVs instead of public transport, carbon offsets instead of real change, recycling instead of reusing. So why don't we cut the shit. We cannot outconsume overconsumption. But this is, in fact, good news.

We can stop corporate destruction by changing the rules of the game. As governor, I will give the Earth rights. It flips the board. Giving the Earth rights gives people the power to steward our land and resources. It takes away the bureaucracy of the environmental crises and places trust in people – not corporations – to protect our most precious gift.

Finally, let's address the elephant in the room: you think I am not as qualified as Bob Ferguson. Well you're right. The last thing we need is another old politician as governor, repeating the same complacency.

Statement

Since the start of my campaign last November, I have been the only candidate consistently focused on two key initiatives that ensure our state's survival over the next four years: 1) Bolstering Washington's economy in the face of a global recession, and 2) Preserving the rights of all Washingtonians in what many perceive to be an environment of increasingly Orwellian and corrupt government.

Whether you consider yourself a liberal, conservative, or somewhere in between, nothing any candidate says matters if they will not focus relentlessly on these two items.

As I write these words, we are a nation at war, both by proxy with foreign nations as well as here at home with each other. This *civil disunion* is quickly snowballing, with each side of the red / blue divide believing that their side must win in order for our nation to survive. Will this game of "Tug of War" bring us *more* stability and security, with 49% feeling disenfranchised and abandoned when the results are tallied?

Libertarian governance, by contrast, offers us a way back. It gives us a *true* check and balance on the left / right duopoly in Olympia and prominently features a way of thinking that drove the health and wealth of our early nation and state, the idea that *we the people* should be free to live our lives and pursue our own interests without government interference so long as we harm no others nor their property.

Libertarianism is a light framework that restores our day-to-day choices to us, reduces our cost of living, and strips away the avenues of corruption used by those in politics: money and influence. *And the best part?* It creates the societal conditions where we can be neighbors with each other again.

Please join me in voting Libertarian this election!

Former Member of King County Committee to End Homelessness. Founder of King County Sheriff's Police Activities League. Youth coach and counselor. Two-time Washington Medal of Valor Recipient. National Sheriff of the Year.

Statement

For nearly 40 years our state has been lost in a wilderness of one-party rule. What has that gotten us? The highest violent crime rate in our history, friends and family dying from fentanyl, record homelessness, and the worst maintained roads, highways, and ferries in America. As your governor, I will work tirelessly to foster an economy that works for everyone, safe streets and neighborhoods, and ensure the children in our state get a world class education.

From the United States Air Force to the King County Sheriff's Office, I witnessed examples of selfless sacrifice, individuals who put others before themselves. That experience taught me what it means to have a servant's heart, honored by an opportunity to help, and driven to show the courage and humility it takes to get things done. As King County Sheriff, I arrested violent criminals and locked up human traffickers who preyed on women and children. On my watch crime was down as we enforced the law and everyone was accountable. This experience served me well when the people of Washington sent me to Congress where I worked with Republicans and Democrats to pass big and bold policies on everything from taxes to trade to protecting our beautiful environment.

We've been living in a state where our leaders have pit region against region, generation against generation, and yes even family against family. Dividing people is not the answer. We must work together, side by side, to tackle the issues we all face. I have been endorsed by nearly every sheriff in the state and people of all party affiliations – Republican, Independent, Democrat – are joining our campaign because they understand that business as usual is no longer an option.

I would be honored to have your support to be your next governor.

Community Service

I have volunteered with several organizations including Family Center and Project Children for over 20 years.

Statement

I have walked in marches and stood with those who have had loved ones shot and killed wrongfully by law enforcement. I have sat with parents whose children have been kidnapped, traded into the world of sex trafficking, and even murdered. I've observed, like many of you, that our young people are in crisis and struggling to survive in today's society. We have a nonexistent mental healthcare system. We must find new ways to increase the government's revenue and opportunities to balance our tax system. Our eroding bridges and outdated ferry system must be repaired and replaced, and we must address the issue of flooding. I know I can remedy these problems that our state is facing.

This election, you can elect a real public representative; one that is not about black or white but accepts all cultures, creeds, races, and people; one that is not pro-life but pro-choice; and one who believes that every person should have the right to feel safe in their own community. I believe that dealing with homelessness is the greatest opportunity to bring positive change in society. I would expand access to housing, mental health, and drug rehabilitation services throughout the state. Getting people into housing is the best way to convince them to become productive members of society.

I believe, by using the 3L program of Listen (to the people's concerns), Learn (from their experiences and issues), and Lead (them to a brighter future), that I am the right choice to guide Washington State. I look forward to working together to better our state. All are included. Thank you.

Fifteen years volunteering for the Citizens Wildlife Monitoring Program maintaining remote camera sites that photograph wolverines, wolves, fishers, bears, and more.

Statement

Significantly unequal child custody and support orders create additional family conflict, cause tremendous harm to families, and ultimately do not benefit children. Washington State received a grade of 'F' for custody rights and child support protections by National Parents Organization.

A top priority of the next governor should be to enact a Shared Parenting Bill of Rights to reform our failing court system to benefit children.

A Shared Parenting Bill of Rights first and foremost reforms our family law courts to protect the rights of all fit, willing, and able parents to have the default presumption of equal shared custody. The benefits of 50/50 shared parenting for children are well documented by decades of scientific research and apply to even high conflict separations and divorces. Five states have already done so with very positive results.

Child support reforms are needed to automatically share money between parental homes that share custody (Residential Credit). This ensures that child support equally protects children in both parental homes and that payments are more equitable and predictable, which in turn will reduce conflict. Currently, even in the families that already share custody 50/50, child support is shared in only one out of four cases.

Washington State needs to reform court funding and staffing levels so that justice is speedy and cases are not unnecessarily delayed. Regardless of whether an innocent parent needs custody restored or a guilty parent needs custody removed, delays in the court system hurt children and should not drag on while children grow up.

Your vote in this election can help elevate the issues of court reform and shared parenting so that the next governor must address these issues to get your vote in November. Donations will support the Campaign for 50/50 in 2025. See <https://SharedParentingGov.com> for more information.

Statement

A call for real change to end the endless division MAGA 2024 is our movement, and justice is long past due. We see homelessness, drug abuse, and the grooming of our kids. It's time to deport all illegal immigrants and end sanctuary cities. However, regardless of your opinion on these issues, it's time for the people of Washington to unite for real grassroots change. No other candidate possesses the skill set needed to lead us out of the darkness like myself. Anyone who tries to tell you about the challenges we face moving forward is misleading you. We have no way to assess the damages done to our state under this failed administration until we gain control of the real numbers and information. In my opinion, we've been given less than 1% of the information. It's in the best interest of those who control the levers of power to keep this information from public consumption. The rot and abuse within state agencies are beyond imagination. They've been awarded the ability to defer corrective litigation to themselves. This division by issues separates us, but we need unity. I understand that many of you feel the voting system is rigged. If 1/3 of the population feels this way, it lacks confidence. However, even if they are cheating, not casting your vote gives it to them, and no crime is done. Let's make them Cheat. My campaign website is <https://sites.google.com/view/edwardcale4washingtongovernor/home>. If elected I will implement the Freedom Project, an online program that allows Washington State residents/registered voters to both vote and participate in government at the local level and state level. I plan to reform the education system by making acceptance rates, graduation rates, and etc. transparent for all levels, degree programs, and institutions; I plan to resolve the education system's financial scam, providing relief for all borrowers. I will reform the welfare and prison systems, and also implement new laws that require gender and paternal equality for all across all government funded programs, departments, and institutions. I plan to implement a four phase program of rehabilitation and mentorship, and help lift people out of homelessness, poverty, disability, and welfare. I also plan to reform the immigration system. I plan to institute projects in housing, business, and transportation that benefit all people in every socioeconomic bracket of the state. I plan to help families, even working families, afford the cost of child care, prescription costs, medical expenses, and insurance through new programs. Additionally, I plan to address the issue of massive incarceration by addressing the need for prison reform through a four phase program where those incarcerated are able to correct areas of need and integrate successfully into society (i.e. less time in the prison system, less cost to tax payer, less repeat offenses). Further, I will help businesses across the state afford better retirement and benefits for their employees through a new retirement resolution department.

If elected I will help make Washington State one of the most prosperous states, with your help.

Thank you.

My 23 year Air Force career included evaluating, writing plans, and preparing for worst case situations. As a civilian, I helped injured or ill workers return to work as a contractor to the Department of Labor and Industries for 5 years. I evaluated clients for the Department of Social and Health Services employee for 12 years.

Education

I have a Bachelor's and a Master's degree in Education.

Community Service

I was a court-appointed Child Advocate for foster children. The day I'm sworn in, Law Enforcement officers will again have the authority to arrest and detain criminals and assist Immigration and Customs Immigrations Agents.

Statement

I'm Frank Dare. I'm running for Governor as an Independent Candidate, because it's time for a reasonable change! We must have Open Government, Closed Borders and understanding for All Lives Matter. I'm the only candidate who has the experience and background to help with our more serious State Problems. I'm asking our citizens to vote for me.

My wife and I were married while I was training to become a Rescue Pilot. Our daughter was born a week after I left for Vietnam. Our son was born a year after I returned to the States. We raised our children in or near military bases, we and our neighbors knew we wouldn't suffer from lack of compassion and care. I will insure our law enforcement officers and other first responders' families receive the same compassion and care.

I will work our our State Departments, Agencies and Legislators to use reasonable ways to reduce our debt and lower our taxes. I will recommend some of our money be spent for children and families being safe in parks, which will reduce drub use and crimes. Our money will be used wisely to reduce the major problems in education, health and finding work within peoples abilities. I know about the problems teachers and children have, including "life sentences caused by irresponsible parents."

My experience in plans, education and social service will help me lead our state in recovering from the damage done by Inslee and Ferguson's "Sanctuary State" and "Keep Washington Working" illegal laws to protect their illegal aliens.

As Governor I will lead our state using a system similar to the military to help diminish current problems.

The military doesn't have problems with abandoned children, drugs, and crimes they and their families must abide by strict sensible laws.

Statement

I am a formerly homeless Navy Veteran who spent several years living on the street and living in different vehicles. Having seen the other homeless population struggling with many problems including drug addiction, alcoholism and mental illness I know where the system fails Americans at this level, especially with Veterans. I have gone through Washington's foster care system and witnessed my foster parents commit acts of domestic violence against each other. With opioids playing a major role in that violence, that has shown me that higher standards for becoming a foster parent must be implemented before any improvements can happen. Life experience always counts for much and my time serving in the Navy and being assigned to Military Security along with my many other responsibilities has given me unique insights on how to give law enforcement real reform instead of cosmetic changes. The greatest responsibility of an American is ensuring that our government remains honest and free from corruption. Removing corruption from our government is why I am running for Governor. I am spearheading the movement to Amend our Constitution so that our country can function as intended by our Founding Fathers. I will be pushing for the State Legislature to declare for a Convention of The Many States under Article V of the United States Constitution. I believe this is the only way to rid our government of the corruption that is plaguing it. I handed such Draft Amendments to my Congressional Representative who has still not taken any meaningful action. If I am not elected as governor, I do not want to hear anyone complain about corrupt politicians or corruption in government ever again.

I want to Offer what's been missing: the vision and proper ideology necessary to transform our society.

Imagine a place where prophylactic, preventive medicine and alternative healthcare options are thriving, where you can see doctor quickly, where people are conscientious about what they think and do, where main motivation at work is to get the job done the best they can. A society where no attorney, politician or judge dictates health choices. You decide what treatment and which doctor to consult. I'll work tirelessly to ensure that.

Imagine a future where issues like crime, squatters, drug abuse, homelessness, and skyrocketing prices are gone. These problems are solvable, some quickly and easily, but not by current politicians. And hiring thousands of cops will not stop the crime (it never did before, just kept it at bay). We have to change the way we think, interact and live our lives. That requires different education, leading by example and answering a question about purpose of life. We need to rebuild families. I'll introduce comprehensive education reform to empower students and educators alike.

We can have a government that is a friend, that will build roads and freeways that it promised for years, but never did, that pays off the tolls, lowers the cost of car tabs for everybody, including residents in Pierce, King and Snohomish Counties; where the best, the brightest and most capable are taking the leading positions to create better opportunities for all.

I understand the multifaceted challenges facing our state. My vision, education, experience in both business and personal struggle uniquely positions me to tackle this pressing issue.

Together, we can create a Washington that thrives in every aspect. We'll have a business friendly climate and try to bring back Boeing headquarters, Amazon, other businesses that left the state.

Statement

Our political system is broken. Tribalism and extremism have taken over, and it's become more about purity and the other "team" losing than finding solutions that make real differences in people's lives. Compromise is not a bad word. It usually means the right balance is reached because neither side feels like they won. *It's time for another way.*

I'm running for governor as a nonpartisan candidate because voters deserve a real choice—someone who has the experience to run a complex enterprise like state government and has collaborated with non-profits, environmental groups, and others to reach compromises on challenging issues, like salmon recovery. Our shared values of *safe communities*, a *strong economy*, a *good education*, and a *clean environment* aren't partisan. They unite us, and we should expect balanced approaches from our government.

My parents, both educators, shaped my view of the world and the work I've done. Their work with students with diverse life experiences taught me to listen to and learn from all viewpoints.

Since starting my career in banking to help pay for college, I have built and run big and small businesses. That required assembling teams of smart individuals capable of advising and leading complex and costly projects. I have interacted with various public and private entities, and, most importantly, I have had to make tough decisions, including balancing a budget.

As an Eagle Scout, Boy Scouts has always been part of my life. Working with local leaders, we created Scoutreach to engage with underserved communities to foster greater equity and access to outdoor experiences. As an outdoor enthusiast, the environment has always been a high priority.

If you're ready for *pragmatic, nonpartisan* leadership and someone who will work across party lines to craft balanced policies that move our state forward, I ask for your vote.

Statement

Are you happy with the state of our state? I'm not. I'm running for governor and I'd be honored to earn your vote. To my kids and grandkids, remember you miss 100% of the shots you don't take.

Our state is at a crossroads. We're facing rampant homelessness fueled by addiction, out-of-control spending, over the top housing costs and bureaucracy, a lack of adequate funding for mental illness, runaway crime and the ballooning human tragedy of the opioid crisis. Current career bureaucrats believe they can solve the problem by increasing taxation. It isn't working for anyone but them. We need a citizen representative to make some difficult choices to change our trajectory.

If you don't like the prospect of me representing you, please vote for a change in leadership. Statement

I'm filing as a candidate as I have for a decade, not to win but to use Voters' Pamphlet to attract voters throughout state to my blog, <http://stopeastlinknow.blogspot.com>. It's my attempt to make a difference by providing information voters won't read or hear about elsewhere.

For example, the purported need to reduce CO2 emissions. The state only admits 1.5% of the country's and 0.175% of the planet's, hardly a climate crisis. Forcing emitters to pay to continue only adds to the costs they'll pass on to consumers. Costs that will surely increase if the Climate Commitment Act isn't repealed.

Voters don't read or hear that WSDOT plans to impose HOT fees on two I-405 lanes will increase congestion on GP lanes and little to reduce HOV travel times. They need to allow GP use on one of the lanes and set fees on remaining HOV lane to achieve the 2000 vehicles per hour and 45 mph that maximizes capacity.

That Sound Transit intends to use 2016 ST3 approval for \$54B from 2017 to 2041 to spend \$145B from 2017 to 2046 and end with \$28B owed. The resulting light rail "spine" won't have the capacity to reduce I-5 peak hour congestion and will cost too much to operate off peak. Their plans to use light rail trains to replace bus routes will reduce transit capacity into Seattle, do nothing to reduce GP lane congestion, and riders transferred will reduce access for current riders.

They plan to open \$12.5B and ten or more years disrupting Seattle doe light rail trains from Ballard to Sodo. The area already has excellent bus service and terminating East Link and West Seattle at the existing CID station benefits both areas and avoids the need for a second tunnel.

My blog provides the details.

"There are only three things that America will remember 2000 years from now when they study this civilization: The Constitution, jazz music and baseball. These are the three most beautiful things this culture's ever created." - Essayist Gerald Early "America's founders intended powers to be exercised not at the federal level, but by state and local governments, which represent fertile ground for policy innovation," setting the example of America, as light on the global hill needing infrastructure and economic development at city and state levels." - Secretary Condoleezza Rice

Being a descendant of Chief Justice John Marshall, I am born into the U.S Constitution, as Jazz was born in the USA. It's music shares individuality, improvisation, creativity, and innovation of the American people. Baseball is about *all* people, sharing communal entertainment. It's values of perseverance and teamwork help us all to overcome adversity. The values of jazz and baseball, that inspire our country, are also part of the gritty everyday reality of life in Washington State.

These values pulsate through the communities I have worked with and served for many years. I see the local, national, and global potential of Washington State, from the grassroots up. It is my dedication to represent you as Governor, making a real difference.

As Governor, I will direct an estimated 1.5 trillion dollars toward investment in economic relations with Africa, to heighten the values of the three most beautiful things our culture has ever created, as I will expand our state's ties with the world's largest democracy, India, as Americans belong to the world's oldest democracy.

The Constitution, jazz and baseball represents and includes All American values. As Governor, I welcome you, the people of Washington in our drive for our state, and nation, to once again be that global light on the hill.

Statement

Washington State GOP Endorsed Candidate

I was raised in King County and have worked and retired in Benton County, giving me a perspective of life on both sides of the state. People on both sides are tired of career politicians representing their own political ambitions, big money donors, and political elites, while our state is on the precipice.

Our children's future is being sacrificed by a broken education system that has strayed from the focus on academic excellence, yet we pay billions of taxpayer dollars to fund it. Washington has become unaffordable for citizens and small businesses due to bad policy and over-taxation.

Our public safety is among the worst in the nation, driving up insurance costs and forcing citizens and businesses to flee our state. Homelessness, mental health, and addiction are at an all-time high, while the flow of fentanyl into our state and onto our streets, goes unabated. The time for change is now, and we must unite to make it happen.

I am applying for the job of Chief Executive Officer of Washington State, not to hold office for more politics as usual, but to bring servant leadership and accountability to Olympia. I have the knowledge, skills, abilities, experience and expertise to do the job well. On day one, we will initiate a third-party audit of all state offices and programs and immediately move toward improving efficiency and performance of your state government.

The billions saved will be returned to citizens through tax relief and fund staffing and technology to address youth crime, drug trafficking, human trafficking, and organized crime. We will support parents and bring accountability to our education system through our education reform initiative. Homelessness will be addressed compassionately with a focus on mental health and addiction intervention as a priority to housing and rehabilitation.

Statement

First and foremost is my commitment to our democracy.

The lieutenant governor is unlike other elected positions. Distinct from positions based on policy or partisanship, it is uniquely concerned with the integrity of the political process. While the lieutenant governor does not vote in the legislature or introduce legislation, he or she is president of the Senate and presides over Senate sessions, assuring their smooth operation according to standing guidelines. The lieutenant governor is also the chairman of the rules committee, a bipartisan group responsible for setting the agenda for the Senate sessions. My greatest strength is in being a strong supporter within my field of responsibility. As Lieutenant Governor I would be a member of the executive team. In the unlikely event that I would need to assume the role of governor, charged with the full-time duties of the office, I am confident that I could manage all responsibilities required, and would serve the citizens of Washington professionally and competently.

As a lifelong Washingtonian I have seen the changes in society and politics. I am running for Lieutenant Governor to bring pragmatic solutions and bipartisanship. It is the commitment of every elected official to represent all citizens, not just the 20% on the left or right. To foster progress and civility in our state government, to lead, not follow as the easiest path forward.

It is time for a change in leadership from what we have had over the last 4 to 12 years. My platform prioritizes access to women's reproductive health care, and responsible financial transparency and responsibility. Investing in our communities to create jobs, supporting our schools to prepare our youth for the future, and ensuring every individual has access to quality healthcare.

I am committed to working at local, state and federal levels to help all citizens now and into the future to benefits all. Statement

Our beautiful state of Washington has an out-of-control crime problem. Hopelessness among our youth and homelessness on our streets both are rampant. Fentanyl is killing our children. The cost of living is becoming unbearable for our people. State government is increasingly interfering in the relationships between parents and their children, robbing our kids of a proper education.

The terrible laws that created this disaster passed through our State Senate. The Lieutenant Governor serves as President of the Senate and is able to influence legislation for the better and for the people. When elected, I will stand in the gap blocking the radical agenda of insiders in Olympia, the activists who are destroying, rather than advancing, our civilization. I will stop the misguided extremism now steering state government, returning the focus toward serving you and all of the people of Washington.

We need an experienced professional with the team-building skills and training needed to put our state government to work for our people and for you. I have succeeded for many years bringing people together to solve problems, saving precious taxpayer resources, and making people's lives better.

Professionally, my role has been to safely navigate to every destination, knowing people's lives depended on me. As your Lieutenant Governor, my focus will remain: People working together. From presiding over the State Senate to building bridges throughout government, I seek to establish a climate of cooperation and constructive leadership, restoring confidence in our government.

Career politicians fail us when they deliver dictates, division, and dependency rather than diplomacy and respect. I have stepped forward to help fix a broken system. One political party has controlled our state for decades, representing powerful, big-money interests, growing more extreme, even radical. We must resolve to change course, finding common ground.

JFK challenged: "Ask not what your country can do for you, ask what you can do for your country." I will seek to always advance relationships, balance, and communication, providing a unifying voice and vision for all.

Compelled by faith, hope, and love, I will stand for your rights and our children's future, fulfilling the high calling of serving the public trust with honor and integrity, of service above self. Statement

Thank you for the privilege and opportunity to serve as your Lieutenant Governor for the last four years. The most important part of being Lieutenant Governor is serving as President of the State Senate and presiding in an impartial way, fairly applying the rules to everyone and to both parties. We have done this.

But the office of Lieutenant Governor also affords the opportunity to advocate for important policy priorities. We have advocated long, consistently and clearly for the need to more forcefully address the housing crisis in our state, especially for affordable homes for low and moderate income families. Our work helped lead to many accomplishments last year, causing the 2023 session to be called The Year of Housing. So much work remains to be done. We will stay at it.

We have also worked hard and in a bipartisan way, to improve our civic health. We all know it needs to change. We need more respectful discourse in the public square, more inclination to try to find principled compromises and when we cannot, a greater ability to disagree better. Here, too, we will doggedly stay at it.

In this spirit, I humbly ask for your support.

Statement

As a native of Russellville, Alabama, and 2nd oldest of 14 children, I was instilled with the values of leadership, hard work, and community engagement from a young age. However, it is in Washington State that I have found my true home. I am deeply rooted in this community, and my commitment to giving back is unwavering. With a background in both military service and a wealth of experience in various community roles, I bring a unique perspective to the table. My journey has taken me to the boardrooms of nonprofits and from volunteer mentorship roles.

My decision to run for Secretary of State is driven by my unwavering belief in the power of representation and the crucial role of ensuring that every voice is heard in our democracy. I firmly believe that true success in rebuilding trust requires a shift towards accountability, transparency, and genuine engagement with all communities, particularly those historically marginalized and underserved.

However, I cannot do this alone. I need your support to enact meaningful change. Together, we can build a brighter future for all Washingtonians, one where every voice is heard, every vote counts, and every community thrives.

I am running for Secretary of State because Election Transparency is the most important issue on the ballot. We must instill confidence in the electorate that our elections process and infrastructure are accessible, transparent, and secure. This includes giving the public a closer look inside our elections process and bringing back in person voting in addition to our mail-in voting.

The Secretary of State's office also has an important duty to the incredible businesses throughout Washington in making sure the government red tape does not impede on entrepreneurs ability to create and run their businesses in the state. When I am elected Secretary of State I will work with the Governor and State House to make Washington the most business friendly state in the country.

I have lived in Spokane since 2008 when I emigrated from the United Kingdom to the United States. My wife and I both run small businesses in Spokane, we have two children and a grandchild, we have established our roots here, and we truly love the beauty we have here in Washington State.

Statement

Your Secretary of State should represent *all* the people of Washington, not just one party. I am running under No Labels, because our political leaders need to listen more to the majority and less to extremists on the far left and right.

I have extensive experience in election administration where I have: modernized tabulation systems providing greater accuracy, accountability, and transparency; helped develop, implement, and educate administrators with the VoteWA system; created national award-winning systems for ballot accountability; proposed legislation to make our elections more accessible, transparent, efficient, accountable, and most importantly – *secure*.

The people of Washington deserve someone who knows the details of election administration, not a political appointee as their chief election officer. Many of our election laws are antiquated and contradictory, and need cleanup by someone who knows the inside, not someone with a partisan agenda.

The partisan legislature creates the laws that govern our elections, those laws should be implemented in the most fair, efficient, and effective ways. A referee wears a striped jersey, not one of the teams in the game. Last election cycle we nearly elected the first nonpartisan Secretary of State in the nation, together let's make history! I appreciate your vote!

Statement

As your Secretary of State, my top priorities are ensuring Washington's elections are secure and accessible for every eligible voter. Since 2021, I've safeguarded the integrity of our elections by investing in cyber and physical security, fighting malicious election disinformation, and providing eligible voters every ability to participate in our democratic process.

I will protect Washington's proven and dependable vote-by-mail system. I fought to expand automatic voter registration and increase civic engagement, lowering barriers for eligible citizens.

Overseeing Washington's State Library, I confronted book bans and censorship in public libraries across our state. I've increased access to business services and secured resources to preserve our state's history. I'm endorsed by County Auditors who conduct elections, the Washington State Labor Council, business leaders, voting rights advocates, prominent state and federal leaders, and former Governors Gary Locke and Christine Gregoire.

I am proud of my career in public service working alongside Democrats, Republicans, and Independents. Washington's Secretary of State must possess the highest standards of integrity and leadership and serve as a strong advocate for voter access. It is the privilege of my life to serve as your Secretary of State, and I would be honored to earn your vote.

State Treasurer, 2021-present; State Representative, 2017-2021.

Other Professional Experience

An economic crimes prosecutor (Assistant Attorney General), Mike managed a unit of financial examiners, auditors, and analysts that returned \$30 million to taxpayers from financial fraud and government waste. As a legislator, he created laws to get “dark money” out of politics and combat corporate crime.

Education

Bachelor’s Degree (Business Administration, economics minor); Master of Rural Development (Fulbright Scholar, economic development); Law Degree, Gonzaga.

Community Service

As Equal Justice Coalition Chair, Mike advocated for homeowners unlawfully foreclosed upon, veterans denied benefits, and predatory lending victims. Federal Way Chamber of Commerce. Served on Gonzaga University Board of Regents.

Statement

Mike rejects all corporate campaign donations. He puts your financial interests first. As State Treasurer, Mike refinanced all eligible debt, redirecting over \$550 million in Wall Street profits back to the people.

Mike implemented a policy prohibiting Washington State Treasurers from investing in corporations that fund their campaigns. His investments earned Washington \$1.8 billion over the next four years to reduce taxpayer burdens. Mike’s local government investment returns are 50 times higher than 2021, sending \$3 million more *each day* to local governments for schools, first responders, and other community needs.

Under Mike’s leadership as State Treasurer, Washington now has budget guardrails. U.S. News just ranked our state’s long-term fiscal stability *the best in the nation*. Our state pensions are one of America’s best funded. Washington maintains a Moody’s AAA-credit rating, the top mark for strong financial management. This makes housing, road, ferry, and school construction more affordable. Mike lowered GET/529 education costs for families, while keeping this important program fully funded.

Mike expanded financial education opportunities. He also created an online “Transparency Portal” to show how *your* public dollars are managed. Endorsed by Washington State Labor Council and Planned Parenthood, Mike will always put working families and retirees first!

Statement

As your State Treasurer, I will advocate for the protection of our state’s assets and ensure retirement accounts make sound investments. I will strive to make the accounting system transparent and accountable to citizens. With my professional expertise, I will scrutinize the books and challenge the legislature to exercise greater caution in tax and spending decisions.

As a CPA, I have dedicated my career to helping clients preserve their bottom lines, reduce taxes, and securing their futures. I developed and taught a financial literacy class to junior high students and testified before the legislature against raising taxes and over-regulating our businesses.

My experience includes advising taxpayers and businesses in our community on wise investments and job creation. In an era of job uncertainty, rising prices, and constant demands for education funding, Olympia’s typical solution is to raise taxes and fees. My approach is to account for past expenditures and prioritize sensibly. I will be the accountant Treasurer who leads our state into a new era of fiscal responsibility.

Statement

Working in the private sector for 35 years, within a variety of industries, Hawkins has the skills to work with teams of professionals to improve process and systems. Solutions to our challenges with education, the homeless, mental health, parental rights, property rights, taxes and energy policy can all be found through transparency in audits.

Observing the divide within our country over the past 4 years, Hawkins began asking questions to learn what is happening. An active study of the election system within Washington during this time has revealed the fact that there have been no Audits of the election systems in Washington State, to the same professional standards as are expected in the private sector. Hawkins further learned of the newly created roadblocks to public transparency, as the public is looking for answers. Taxpayers benefit from transparency and accountability. A search for Truth matters.

Hawkins is married to Paula and together they have a family of 10 children. They realize that strong communities benefit from family centered policies. Transparency and Accountability are key building blocks to ensure that children become valued contributors to society.

Audits are a great way to understand our past, as we make decisions for our future.

Statement

As the first woman to serve as Washington State Auditor, I lead an office responsible for conducting independent audits across all local governments and state agencies, ensuring accountability and transparency in public fund usage. Over my eight-year tenure, responsibilities have expanded, including significant audits of federal COVID-19 pandemic funds. My administration has also greatly reduced the number of "unauditable" governments, increasing our audits' scope and effectiveness.

Under my leadership, we exposed nearly \$7 million in misappropriated funds at a local housing agency, the largest fraud case in our state's history. We have strengthened our capabilities by training more fraud examiners and launching innovative programs. These include a pioneering audit of law enforcement's use of deadly force, bolstering cybersecurity with increased IT audits and preventive "cyber-checkups," and a new data analytics program to detect fraud and waste more effectively.

I will continue these efforts in my next term, focusing on managing public resources wisely. My vision includes advancing our technological capabilities to protect public assets and promote integrity across Washington State.

Statement

Moving to Washington nine years ago was one of the best decisions of my life. I came to protect the environment through working at the Hanford Site as an environmental attorney. Since then, I’ve successfully fought to make Washington safer and to increase government transparency. I have challenged unconstitutional laws from Olympia and *won!* I have also *stopped* bad regulation in its tracks! I’ve led the City of Pasco as a councilmember, and now its mayor.

Washington has world class resources, but our politicians are failing. We lack safe streets; drugs, like fentanyl, fill the streets. As Attorney General, I will apply what I learned at Hanford to clean this mess.

According to the FBI, Washington is the 8th most dangerous state in the country. We have the resources to do better, but we need an Attorney General who will make sure Law Enforcement and County Prosecutors can enforce the law to make Washington Safe Again!

As your next Attorney General, my focus will be on Washington State, not Washington D.C. As Attorney General I will remove the partisan blinders to protect *all* Washingtonians. I look forward to representing you as your next Attorney General. Thank you for your vote!

Wildland Fire & Forest Resilience Liaison for the Commissioner of Public Lands; Chair, Washington Wildland Fire Advisory Committee; Aquatic Habitat Restoration Manager, Department of Natural Resources; Washington Shrubsteppe Restoration & Resilience Initiative Steering Committee; Wildland Firefighter, DNR; Founder and Manager, WiLD Corp., a conservation-based timber company; Consulting Ecologist, Fisheries Biologist and Forester advising USFWS, The Nature Conservancy, conservation districts, and timberland owners.

Master’s degree in environmental studies, Yale School of Forestry; Bachelor’s of science in public administration and biology, Northeastern University.

Community Service
Boardmember, Northwest Natural Resources Group (nonprofit supporting small-forest landowners); Co-founder, Liu Xing (public school Mandarin language immersion program).

Statement
My priorities as commissioner will be restoring healthy forests, sagelands, rivers, and bays; supporting local economies; protecting Washington from wildfire; and ensuring everyone benefits from state lands.

I’ve worked in Washington’s forests and waters as a forester, restoration ecologist, and wildland firefighter for 30 years, with over a decade at DNR, where I’m on the executive team leading Wildfire Management. My career experience makes me uniquely suited to the duties of lands commissioner: managing Washington’s forests and waters; leading the DNR; and commanding the state’s wildland firefighting force.

I’ll direct DNR to restore forests, rivers and bays, improving habitat for salmon and orca. As we restore forests, I’ll direct forest management to yield the most value from working forests, while cutting less. I’ll develop a double bottom line, generating revenue for schools while benefiting local economies by supporting their industries and employing their workforces on state lands. To protect Washington from wildfire, I’ll focus on the source of the problem, restoring naturally fire-resilient forests and sagelands, fostering fire-safe communities, and building the best firefighting force in the country.

I’m in this for the long haul because I care about our state’s natural legacy and the people who depend upon it.

Washington State House of Representatives, 2007-2010.

Other Professional Experience
Strategic Advisor, Children’s Hospital Association. Senior Legislative Aide, U.S. House of Representatives.

Education
B.A., University of Washington, Communications.

Community Service
Recipient of the National Association of State Foresters’ highest honor, the Bernard L. Orell Award for Partnership. Board of directors, National Kidney Foundation.

Statement
Decades of neglect have turned our forests into overcrowded, diseased tinderboxes. Fires scorch our forests and choke our communities every summer. They fill our lungs with smoke, destroy old growth and critical habitat, emit tons of carbon, drive up the cost of home insurance and make housing even more unaffordable. And they cause unimaginable heartache for those unfortunate enough to live in their path.

I won’t leave our kids a legacy of burning forests and choking smoke. We can and will do better to remove dead and dying trees that serve as fuel, quickly fight fires when they occur, preserve jobs, and protect the lives and livelihoods of communities.

I’ll lead our state Department of Natural Resources to withstand political pressures and overcome bureaucratic obstacles so that the brilliant foresters and environmental scientists who work there can do their jobs. Working with Tribes, scientists, landowners, sportsmen, the forest industry and conservation groups, I’ll restore health to Washington’s forests with science-based management practices so our diverse array of species and ecosystems can thrive. And I’ll always preserve recreational access to public land for its owners -- the people of Washington.

Please vote Jaime Herrera Beutler for healthy forests and healthy air.

A conservation leader strongly backed by the environmental community and Democrats across Washington, I am committed to protecting our clean air, clean water and habitat, improving wildfire prevention, and increasing recreational opportunities on state lands.

With the threat of climate change, wildfires, and droughts, running the Department of Natural Resources is a big, complicated job. I have both the experience and values to ensure our public lands support our high quality of life. As Lands Commissioner I'll bring bold new ideas to the table. I have a plan to protect Washington's 77,000 acres of critical legacy forests, and to launch a clean energy trust to help our climate and spur rural economic development. I'll honor tribal rights and restore Puget Sound to protect our iconic salmon and orca.

I'm the only candidate in this race not taking contributions from the timber industry. A former Washington Conservation Voters "Legislator of the Year," I'm the only candidate supported by Washington Conservation Action and the Sierra Club.

Statement

Sue grew up at a salmon hatchery near a 1.3-million-acre forest in southern WA. Her childhood love of nature led to a degree in Biology and a 30-year professional career managing forest habitat, fisheries and energy. (See resume at Citizens4Sue.com)

Now our public lands have been ravaged by neglect, resulting in over-crowded, diseased trees and excessive dry underbrush, leading to huge wildfires with heavy smoke invading our summers. Sue's multi-faceted approach to prevent catastrophic wildfires includes dividing forests and agricultural lands into segments with fire breaks in-between. Smaller fires can increase safety for firefighters and cause less damage overall.

Sue will also implement an accelerated plan for practical land management, creating private sector jobs while boosting our historic timber and agriculture economies and limiting harmful carbon and smoke emissions from wildfires. Reducing the number of crowded, thirsty trees will also help restore natural water distribution to streams, benefiting fish and wildlife, and continuing up the food chain to our Orca whales.

Sue understands nature is intricately and beautifully designed, far beyond our ability to fully comprehend. Knowledge is gained humbly and gradually through science. Long-range planning is needed now to best manage Washington's precious, vital natural resources into the future.

Past Chair, Land & Natural Resources Committee of the National Congress of American Indians.

Statement

Living on the Makah Reservation, I deeply understand caring for and living off the land. For me, sustainability is a way of life. I will ensure stakeholders from rural and underrepresented communities have a seat at the table.

I understand how public policy impacts our environment and livelihoods. As temperatures warm and wildfires rage, we don't have time for on-the-job training. My opponents are career politicians, with no direct experience managing natural resources. I will be able to hit the ground running—identifying opportunities to innovate, creating good-paying union jobs, and tackling climate change.

I have worked in emergency response: cleaning up oil spills, fighting fires, and leading preventative work to improve our lands and waters. I am a commercial fisherman, land manager, Tribal leader, and currently work at our state's Department of Natural Resources. That's why the current Commissioner of Public Lands Hilary Franz, Congresswoman Marilyn Strickland, former Congressman Norm Dicks, Washington Education Association, fishing associations, Longshoreman and other unions, as well as tribal nations, all endorse me.

Not only am I the most qualified for this position, but I would also be the first Native American elected statewide in the Pacific Northwest. I would be honored by your vote.

Statement

As a twenty-five year firefighter, I know what needs to be done to combat the devastating wildfires that destroy forests and produce suffocating smoke. Wildfires have destroyed 4.7 million acres of state forests over the past ten years. We need a leader who knows how to fight wildfire and who can protect our public lands.

I'm a career firefighter, I've felt the heat and breathed smoke-filled air. I'm Chair of the Senate Natural Resources Committee, and have led the effort to preserve our natural resources, create more resilient communities, and fight wildfires.

With your support, I'll protect forests by using the resources of the state's largest firefighting agency to improve forest health and safeguard vulnerable communities. Statement

I’m a father to three, and a fourth-generation Washington public educator. I’ve dedicated my career – as a teacher, administrator, national nonprofit founder and CEO – to the unmatched power and promise of public education.

The current struggles facing our students and teachers are unacceptable. The mismanagement of \$2.9 billion in federal relief dollars by our schools chief has seriously set us back and is reason enough to replace him, but there are more. Washington has slid behind most other states in K-12 education according to US News; 15% of adolescents are considering suicide; 20% of educators are leaving their schools; funding is collapsing with unprecedented school closures.

The Seattle Times has described the incumbent as a “*lackluster*” superintendent who is “*cheerleading mediocrity.*”

I’m not a career politician. I’m a proven leader who has worked all across the country with tens of thousands of educators to ensure the promise of an excellent public education is fulfilled for all kids. I’ll ensure every school has the resources to connect students in need with: (1) effective mental health care; (2) tutoring; and (3) great career and college opportunities. If you agree that Washington must do better, I hope you will support me.

Statement

Thank you Washington Voters! I am grateful to serve as your State Superintendent. This job requires experience and tested leadership to maintain our post-pandemic recovery. Our strong learning acceleration is at risk without sustained funding and a relentless focus on keeping our schools public and accountable to local voters. The paramount duty in our state is to fully fund our public schools. Investing in our public schools and our educators to empower student achievement is my number one priority!

Innovation drives our work with expanded career and technical education pathways, a record high graduation rate, a measurable improvement in student mental health following targeted investments, and free school meals for over 700,000 students. We are a top performing state in math and reading, and civics is once again a graduation requirement under my leadership!

Over two-thirds of our students now earn college credit while in high school, saving families over \$100 million per year in foregone tuition, and we’ve doubled our investments in rural school facilities. Every child deserves a high-quality, individualized, and equitable learning opportunity in every community!

A Referendum: Every child is unique and families should have the opportunity to individualize their own children's public education

I propose *A New Foundation for Public Education*, (of which existing public schools would be an unchanged part), consisting of:

Individual Student Trust Accounts - funded annually using each student's existing \$12,000+ state education voucher. With approval, each student's parents may spend these accumulating funds at any Registered Public Education Program(s) of their choice. *Registered Public Education Programs* - any educational program, regardless of ownership, which: Accepts only trust funds as tuition, i.e. "free"; Fills at least 80% of its openings without admission qualification, i.e. "open enrollment"; Permits the study, but not the practice, of religion; and Publishes measurable educational and behavioral goals for its students. Students not achieving these goals may be dismissed by the program. *Neighborhood Education Districts* - administered by three locally elected trustees, will oversee the educational progress of 50 to 200 participating neighborhood students. The trustees must approve parental education choices for students passing applicable "WASL" tests. *Community Facility Districts* - locally elected, will own, operate and maintain all public facilities. Life-cycle maintenance funds will be included in the original bond funding.

Statement

Less than 50% of Washington students can read and write at grade level yet your property taxes have skyrocketed. Your children and schools deserve better. OSPI is not fulfilling their duty to advocate for adequate school operational funding. As Superintendent, I will push to change the approach, ensuring resources reach the schools and students who need them most – regardless of race, ethnicity, or socioeconomic status.

Under the incumbent, chronic absenteeism has doubled, depriving children of crucial learning opportunities. Drawing from my district's success, where strong parental engagement has led to one of the state's lowest absentee rates, I will advocate for policies that encourage partnering with parents.

I am committed to restoring local control to school boards, empowering those who understand their communities' unique needs, ensuring a fair and effective education for all. *I will push to expand skilled trades programs, preparing our students for future diverse careers.*

To combat the distractions of the digital age, I will promote policies restricting cell phones and social media in schools, creating safer, more focused learning environments. *The Seattle Times stated the Superintendent is a "cheerleader for mediocrity."* Average Is Not Good Enough! It is time for change. I'll appreciate your vote.

Ever since my daughter was born critically ill in the NICU and I had to fight my insurance company to allow her doctors to provide life saving care, I have made it my life's mission to ensure no family ever has to go through that same trauma. With my experience as a litigator representing workers in employment discrimination cases and my strong background in advocacy and public service, I bring a unique set of qualifications to the role of Insurance Commissioner.

As a legislator, I've been a leading voice on healthcare issues, sponsoring legislation to create a public option for healthcare in Washington, and advocating for greater access to mental health services and protections against surprise medical billing.

As Insurance Commissioner, I'll work tirelessly to enact policies that prioritize consumer protection and lowering costs, promote transparency within the insurance industry, and expand access to essential healthcare services for all Washingtonians. I'll also lead on addressing the increased insurance costs being created by climate change and protecting coverage of reproductive healthcare.

He works to assure that choices in healthcare remain with you and your doctors. Increasing access to affordable medical care and life-saving medicine is John's top priority.

Statement

I'm running to make Washington's insurance market more affordable for families and seniors. Misguided activist policies of the Legislature and the Insurance Commissioner have limited choice and made insurance unaffordable.

How much businesses pay for insurance has a direct impact on the prices you pay for things, including groceries and even your rent. Add to that a 20% increase in insurance costs, and it's even harder for seniors on fixed incomes and families to make ends meet. The insurance industry needs reasonable, not burdensome regulations. As a state Senator, I fought for affordable and consumer-driven options that encourage more competition, more choices, and lower costs for consumers. I know what works and it's not agenda driven regulations that drive up costs without providing better and more affordable care.

I've experienced firsthand the health insurance challenges faced by my own grandson who has a rare disease. For him it is a life and death struggle. You and your doctor should be determining your health care decisions, not the insurance companies.

A Vote for Phil Fortunato will lower costs, provide predictability and availability in Washington's insurance markets, so you can get the insurance protection your family deserves.

With a focus on accountability, innovation, and consumer protection, I will work tirelessly to provide residents with reliable and affordable insurance options, while fostering a thriving business environment for our state's insurance providers.

I would give my highest attention to making insurance policies available and affordable. Fighting for consumer protections, I would advocate for carriers and insurance companies to educate consumers and consultants to ensure the voters understand their coverages, while paying what is owed. Our job will be to ensure that individuals are indemnified and made whole, without prejudice or undue stress. I will work with assets and resources in the current Office of the Insurance Commissioner, while innovating and modernizing to ensure a more efficient agency. There is no reason rates, policies and products should take so long to be approved!

Together, we can create a stronger, more resilient insurance landscape in Washington State. Vote Justin Murta for Insurance Commissioner to ensure a future where innovation, fairness, and consumer protection are at the forefront of our insurance industry.

I was taught at a young age to serve our community, honor our veterans, and nurture our children. I spent my career working in nonprofits, as a community volunteer, and as a foster parent. As commissioner, I worked with both Democrats and Republicans to increase veterans services, improve mental health programs, protect clean air to breathe and water to drink, and improve access to broadband internet for rural communities.

High prices for housing, gas, groceries, childcare, and healthcare are harming working families. I understand how hard it is to raise a family and will work to lower the cost of living and honor hard-working taxpayers.

Access to healthcare in rural communities is essential and I will never stop fighting to protect our local hospitals and clinics. I will work to make healthcare more affordable and reduce the costs of prescriptions, especially for people with disabilities, seniors and people on fixed incomes. As commissioner, I helped keep the Women's Health Clinic on Whidbey open. I'm the only 100% pro-choice candidate in this race.

Statement

As a local business owner and a leader in Washington’s largest trade association, I understand the issues facing our district and our state. Despite budget surpluses, the legislature never reduces taxes. We must cut costs for families and businesses instead of always increasing the state budget. We should expand trades education to help more students succeed. We must protect against rising crime and ensure reliable ferries to replace Washington’s aging fleet.

As your state representative, I’ll fight protect your budget, promote education opportunities for all, ensure transportation options meet our area’s unique needs and make public safety a priority.

Statement

In 2020, when the Navy transferred me to Washington State, I fell in love with this place and the people who live here. I am grateful to call Washington my home. As a gay man serving during the "Don't Ask, Don't Tell" era, I overcame significant adversity while serving my country. I stuck to my principles, making a commitment to defend my fellow service members no matter the personal cost I often suffered. I learned the value of perseverance and dedication, and I became an unwavering advocate for my peers and subordinates as I rose through the ranks, excelling at finding efficient human centered solutions for tough problems. In 2023, I was found to be permanently and totally disabled by the VA. This experience gave me a unique perspective on the challenges faced by Veterans and those who live with disabilities.

As an independent thinker, I will fairly represent everyone, regardless of party affiliation or background. I will focus on lowering taxes and cost of living, supporting unions, increasing wages, and improving funding for public education. I am dedicated to making our state a place where everyone can thrive.

Statement

My twenty-three-year military career as a naval officer coupled with executive experience as a mayor has provided a unique perspective on leadership and working with others to accomplish mutual goals.

Growing up in rural Skagit County instilled a deep and personal connection to our district and its people.

In an increasingly divisive political environment, now more than ever, we need people who reflect the values and needs of our rural communities and can provide steady, pragmatic leadership. I understand the importance of promoting our farms and businesses and am fortunate to serve on the three most important committees to our district; Ways and Means, Agriculture and Natural Resources, and Law and Justice.

We must ensure that gains made in behavioral health are maintained and that the government works to create jobs and entrepreneurial opportunities by reducing burdensome regulations. I will continue working across the aisle toward collaborative solutions and to bring more of your tax dollars back to our district for important projects.

Priorities include: reducing your tax and inflation burdens, supporting first responders to keep our communities safe and crime free, ensuring decisions in education included parents and are kept at the local level, and protecting your constitutional rights.

Statement

I am the log cabin candidate. Neither life nor democracy are spectator sports. As a senior citizen, non-paying renters took my home and I live in a tiny log cabin on my tree farm. Housing is too expensive. Increasing population does not benefit us. As corporations grow we become distant from each other and families disintegrate. As a prison volunteer I saw the effects of dysfunctional families. Lakes and rivers have inadequate public access. Urban area parks should be within walking distance.

I am a fiscal conservative. Money can always be better spent. I will question every expense.

Our government should serve all the people equally. Compromise is essential. This takes lifelong conversation and monitoring. Participate for a better future. Help your neighbors and community. Have hope.

Statement

I am running for the state senate because I feel that our current elected officials are not representing the will and best interests of the citizens.

If elected, I will work for parent's rights, which has been under attack the last few years, and will work to make schools and universities safe for all students.

Our legislature should also be working to keep our infrastructure up to date, specifically our bridges and the ferry system. The state has completely failed on this topic, by not directing funds to ensure that the bridges are maintained, and our ferry system is working properly. We are currently operating only 15 of the 26 vessels that our system needs to be fully operational.

The fentanyl crisis and the dramatic increase in crime and homeless should also be the other top priorities for the state. The policy decisions by the state have resulted in making these problems even worse. This has jeopardized the safety of everyone, including those currently addicted and the homeless. These issues can be significantly reduced by adjusting our policies to some practical approaches, instead of just throwing more money at the same organizations and hope that it will work this time.

Statement

My name is Richard Brocksmith and I'm asking for your vote for Skagit County Commissioner. My values, experience and strong relationships are uniquely suited to address the biggest challenges we face today.

Skagit County is absolutely a special place full of natural beauty, amazing people, vibrant businesses, and many contributing cultures. Yet many Skagitonians are frustrated without a vision for success shared by the whole community, the lack of planning for a resilient future, and the slow pace of progress. For instance, who besides the County Commissioners thinks it's a good idea to build new communities in our farm and resource lands?

We must work with our cities, towns and villages to ensure most development is focused there while expanding economic development opportunities in the county. We must build bridges between our affected farmers and Native American communities. We must rebuild infrastructure to meet our county's most basic needs. And much more. I have shown that I can get big things like these done, without draconian regulations, focusing on our most critical barriers.

This campaign is a grassroots effort to bring people together and to put our community on track for a brighter future! I respectfully ask for your vote.

Statement

Washingtonians deserve a judiciary that is independent, impartial, and objective; that treats all who come before it with dignity, respect and courtesy. The Supreme Court should lead the lower courts, and officers of the court, in upholding these values. We should seek honesty, integrity, intellectual curiosity and fairness in our judges and judicial candidates. As a member of the Washington State Bar Association Board of Governors, I was encouraged to run for Supreme Court Justice. I believe others saw these qualities in me.

Having done farm work and bussed tables in my youth, and having been commissioned from the ranks of enlisted sailors, I understand the dignity of hard work and sacrifice. I've worked alongside people from all walks of life.

After 9/11, I was called from the Reserve to active duty, and served for over ten years. Putting my career on hold and leaving my wife and children to deploy to the Persian Gulf was challenging, even before considering the usual hazards of arduous sea duty.

The skill sets I have developed through addressing complex situations and collaborating on solutions, along with my demonstrated honor, courage and commitment, will help me ensure the integrity and independence of our Judiciary.

I am also the only candidate with significant appellate experience having argued at every level of state and federal appellate courts including the U.S. Supreme Court.

I was raised in a working class family in Lakewood. My parents taught me the value of hard work, fairness, family, and faith. I have always given back to the community, including by representing people for free when they couldn't afford a lawyer, serving on boards of directors of nonprofits devoted to improving access to justice, and lobbying lawmakers to increase funding for civil legal aid. Promoting equal access to the legal system has been an important part of my practice.

Statement

Hello, Washingtonians and what a beautiful state we live in. I consider it an honor and a privilege to have such an excellent opportunity to put on a robe and serve the citizens as your justice. A little about me: for most of the 90s I was known all over the Northwest as radio personality Country Dave. I have operated searchlights throughout this state, visiting lots of cities and towns. I was sworn in at the Supreme Court and have made hundreds of court appearances, looking out my clients' best interests.

Why do I want to be a justice? Our Supreme Court said, "As the highest court in Washington, we must balance our duty to the individual litigant and to the collective citizens. This court's decisions bind all state courts and are often the last words on legal matters for Washingtonians." Laws ensure that no harm befalls another, and how justices interpret them is crucial. I want to be a voice protecting the citizens. And if necessary, desiring to right a wrong.

Before making decisions, I will seek wisdom, knowledge, and understanding from the Supreme Being. Thank you for reading my statement and your vote.

Statement

Judge Dave Larson is the only candidate with judicial experience. Judge Larson is the only candidate with a record of keeping our communities safe from crime. Judge Larson is the only candidate running a traditional bipartisan campaign. Judge Larson knows Washington has the best state Constitution in America, offering stronger protections for our civil rights than the U.S. Constitution. He will protect individual rights.

We all know crime is a serious issue and Judge Larson has a nearly two decade record of keeping us safe from crime as a trial judge. His innovative reforms have been recognized nationwide; many of his ideas have been adopted by our legislature. These reforms are supported by other judges, police chiefs and sheriffs, mayors, legislators, and the people who work directly with those suffering from addiction and untreated mental illness.

Judge Larson is the only candidate running a campaign that reaches out to Democrats and Republicans, Labor and Business, Eastern and Western Washington, and everyday citizens. We can return to a less political and more trusted court system by voting for Judge Larson.

Judge Larson's leadership, innovations, intellect, ethics, and commitment to fairness make him exactly what we need on our state Supreme Court.

Fire Protection District No. 8**Proposition No. 1****Property Tax Levy for Fire Protection and Emergency Medical Services**

The Board of Skagit County Fire Protection District No. 8 adopted Resolution No. 3-2024 concerning a proposition to maintain and adequately fund District operations. This proposition would finance fire protection and emergency medical services by establishing the District's regular property tax levy in 2024 at an amount not to exceed \$1.25 per \$1,000.00 of assessed valuation and authorize setting the limit factor at 103% for each of the following five years. The maximum allowable levy in the final year shall serve as the base for subsequent levy limitations as provided by Chapter 84.55 RCW.

Should this proposition be:

Explanatory Statement

Written by Fire Protection District No. 8

Skagit County Fire Protection District No. 8 provides emergency fire protection and emergency medical services to its citizens. Due to the statutory 1% limitation on property tax increases, the Fire District's current levy has dropped to approximately \$.92 per thousand in 2023. The maximum regular levy rate for Washington fire districts is \$1.50 per \$1,000 of assessed value.

If approved by the voters, this proposition will authorize the District to restore its levy rate to \$1.25 per \$1,000 of assessed valuation for collection in 2025 which is the same rate previously approved by the voters in 2019. The proposition will also allow the District to keep pace with inflation by establishing an annual growth factor of 3% per year. The dollar amount levied in the 2029 and collected in 2030 shall serve as the District's future tax levy base.

The Board of Commissioners has determined that this proposition is necessary to maintain an effective level of services, fire fighter staffing, equipment and facilities in light of rising costs, rising demands and the continued growth of our community. Approval of this measure will allow the District to maintain the level of fire protection and emergency medical services provided to its citizens and provide for firefighter safety.

Fire Protection District No. 10 & 19 Proposition No. 1

Skagit County Fire Protection District No. 10 and Skagit County Fire Protection District No. 19 have adopted a Joint Resolution approving the Skagit County Regional Fire Authority Plan ("Plan") concerning the creation of a Regional Fire Authority.

This proposition would approve the Plan and create the Skagit County Regional Fire Authority, effective September 30, 2024 to provide fire protection and emergency medical services funded by a property tax not to exceed \$.90 per thousand of assessed value to be levied in 2024 and collected in 2025 which levy shall serve as the base for subsequent levy limitations.

Should the Plan to create the Skagit County Regional Fire Authority be approved?

Argument For

Vote Yes, For You And Your Community

A Regional Fire Authority (RFA) is a special purpose district established by the voters in that service area who provide funding for fire protection services. State law provides the framework for fire districts to consider forming a RFA as a means to gain service efficiencies while retaining local control. Skagit County Fire District 10

and Skagit County Fire District 19 have worked together for many years providing mutual aid as needed. Mutual aid services are typically dispatched when there is no response or limited response from one district, who then requests assistance from neighboring districts. Creating the RFA would reduce the need to request mutual aid and would improve staffing levels throughout both service areas.

Passage of Proposition No. 1 will provide the opportunity to eliminate duplication of services and achieve cost savings and efficiencies in the delivery of fire protection services by consolidating separate fire agencies into one regional service provider. Population and calls for service within Eastern Skagit County have grown faster than firefighter staffing levels, for many years. A RFA would consolidate resources, create opportunities for efficiencies and provide dedicated funding at more sustainable levels to maintain and enhance fire protection services in both service areas. Voting no, could potentially limit both district's ability to continue providing and/or improving the level of services its citizens deserve.

Explanatory Statement

Written by Fire Protection District No. 10 & 19

After many years of working cooperatively to provide fire and emergency medical services in the communities served by Skagit County Fire Protection Districts 10 and 19, the Boards of Commissioners jointly prepared and approved a plan to formally create and merge the fire/rescue/emergency medical operations of the both Fire Districts into a Regional Fire Protection Service Authority ("RFA") under chapter 52.26. RCW.

If voters approve Proposition 1, Skagit County Fire Protection District No. 10 and Skagit County Fire Protection District No. 19 will create the Skagit County Regional Fire Authority "SCRFA" as a regional fire protection service authority operating under chapter 52.26 RCW effective September 30, 2024. The SCRFA will operate under a single governing board consisting of five governing board members initially filled by the seated fire district commissioners of the two fire districts.

The SCRFA will be funded by a property tax not to exceed \$.90 per thousand of assessed valuation to be levied in 2024 and collected in 2025. The SCRFA property tax will replace the regular property tax levies of Skagit Co. FPD 10 and Skagit Co. FPD 19.

The SCRFA is designed to improve emergency response times and to create efficiencies by avoiding duplication in administrative, operations, training and other activities. The SCRFA also maintains local community identity and control. The SCRFA provides an opportunity for emergency service improvements that are more difficult if the Fire District were to continue to operate independently. Fire Protection District No. 14**Proposition No. 1****Property Tax Levy for Fire Protection and Emergency Medical Services**

The Board of Skagit County Fire Protection District No. 14 adopted Resolution No. 2024-01 concerning a proposition to maintain and adequately fund District operations.

This proposition would finance fire protection and emergency medical services by establishing the District's regular property tax levy in 2024 at an amount not to exceed \$1.05 per \$1,000.00 of assessed valuation and authorize setting the limit factor at 103% for the following five years. The maximum allowable levy in the final year shall serve as the base for subsequent levy limitations as provided by Chapter 84.55 RCW.

Should this proposition be:

Explanatory Statement

Written by Fire Protection District No. 14

Skagit County Fire Protection District No. 14 provides emergency fire protection and emergency medical services to its citizens. Due to the statutory 1% limitation on property tax increases, the Fire District's current levy has dropped to approximately \$.81 per thousand in 2023. The maximum regular levy rate for Washington fire districts is \$1.50 per \$1,000 of assessed value.

If approved by the voters, this proposition will authorize the District to restore its levy rate to \$1.05 per \$1,000 of assessed valuation for collection in 2025 which is the same rate previously approved by the voters in 2020. The proposition will also allow the District to keep pace with inflation by establishing an annual growth factor of 3% per year. Skagit County and City of Anacortes

Joint Proposition No. 1

Fidalgo Metropolitan Recreation District

The Skagit County Board of County Commissioners adopted Resolution No. R20240026 and the City of Anacortes City Council adopted Resolution No. 3147, concerning a joint proposition to form a metropolitan park district. If approved, this proposition would create the Fidalgo Metropolitan Recreation District with the powers provided in chapter 35.61 RCW. The District would be governed by a five-member board of commissioners to be elected at large, and its boundaries would be coterminous with the Anacortes School District.

Explanatory Statement

Written by Proposed Fidalgo Metropolitan Recreation District

If the proposition passes, a new metropolitan park district will be created with boundaries identical to those of the Anacortes School District. The District, which will be known as the Fidalgo Metropolitan Recreation District, will be a municipal corporation under Ch. 35.61 RCW. The metropolitan park district would be separate from the City and County and replace the current Fidalgo Park and Recreation District and provide funds for the operation and maintenance of the Fidalgo Pool and Fitness Center. The District will be governed by a board of commissioners consisting of five members elected at large from among residents within the District.

Arguments For and Against this measure are on next page →

Argument For

Voting yes for a Metropolitan Park District ensures a stronger, more financially secure facility for our community.

The Fidalgo Park and Recreation District has operated Fidalgo Pool & Fitness Center (FPFC) since 1975. The facility is public, owned by tax paying residents who must vote on and pass a Maintenance and Operations (M&O) levy every six years to provide funding for basic operations. When the levy does not pass, the FPFC shuts down.

A Metropolitan Park District is not required to regularly pass levies. It provides a permanent source of funding through guaranteed taxpayer contributions, increasing financial stability and ensuring that the pool stays open. The new District also expands the tax base to all 98221 residents eliminating current out-of-district fees. Additionally, the FPFC will be in a better position to secure additional outside financing as needed.

Currently the Fidalgo Park & Recreation District levy is at .0945 mill rate per \$1,000. If the appraised value of your home is \$500,000, you pay \$47.25 in tax year 2024 for FPFC's M&O. The Metropolitan District's levy amount would be within historical averages of past levies and would be restricted to a 1% increase each year, unless voters approve a greater increase by special ballot.

A new Metropolitan Park District replaces the current Park and Recreation District and will not fund a new facility although it would help with routine needs of a new facility

Rebuttal of Argument Against

Voting Yes for the Metropolitan Park District means all 98221 voters would pay the same fees. Our pool doesn't have the same financial resources as many districts so if a major mechanical issue occurs, not covered by the levy, restricted to 1% increase per year, our commissioners will have more options to use other resources. We vote for the Commissioners that govern the facility and pay the same tax rates as we do!

 Committee Members: Hope Dean, Marcia Books

Argument Against

As supporters of the pool, our opposition is not against the pool - it's against losing the right to vote on what happens at the pool. Save your right to vote by voting **No** to the Metropolitan Park District!

Voter approval of levies is how we, as citizens, have a say over our property taxes. Citizens currently vote to approve funding for school districts, fire districts, etc. Why should the pool be any different?

If the Metropolitan Park District proposal is approved, *citizens will lose their voice* in how much we will be taxed. The tax rate will be determined not by citizens, but by five commissioners who will have the authority to set levy rates and increase taxes by 1% every year, or potentially more. Do you want to give away your voting rights over your property taxes to these commissioners?

The proposed Metropolitan Park District would also expand its taxing boundaries, adding property owners on Guemes Island, Bayview, and other areas outside the current district. The increased valuation will add to the pool's bottom line, but neighbors outside the city limits who may or may not want to be included, will have a new tax added to their property taxes.

Vote **No** on the creation of the Metropolitan Park District to retain your voting rights over your property taxes and keep the existing taxing boundaries of the Fidalgo Pool and Fitness Center intact. We can't afford to give up our rights! Don't drown us in taxes! **Vote No!**

Rebuttal of Argument For

A Metropolitan Park District is simply a new taxing district that will permanently remove taxpayers' voting rights. Instead, our taxes will be controlled by 5 commissioners who will be authorized (RCW 35.61.210) to charge you up to .75 per \$1,000 of assessed valuation yearly. While current commissioners stated they intend to keep the assessment "within historical averages," do you really think that your taxes will not increase? Vote No to keep citizen voting rights!
