4. To defend any action or proceedings purporting to affect the security hereof or the rights or powers of Beneficiary of Trustee, and to pay all costs and expenses, including cost of title search and attorney's fees in a reasonable amount, in any such action or proceeding, and any suit brought by Beneficiary to foreclose this Deed of Trust.

IT IS MUTUALLY AGREED THAT:

1. In the event any portion of the property is taken or damaged in an eminent domain proceeding, the entire amount of the award or such portion thereof as may be necessary to fully satisfy the obligation secured hereby, shall be paid to Beneficiary to be applied to said obligation.

2. By accepting payment of any sum secured hereby after its due date, Beneficiary does not waive its right to require prompt payment when due of all other sums so secured or to declare default for failure to so pay.

3. The Trustee shall reconvey all or any part of the property covered by this Deed of Trust to the person entitled thereto on written request of the Grantor and the Beneficiary, or upon satisfaction of the obligation secured and written request for reconveyance made by the Beneficiary or the person entitled thereto.

4. Upon default by Grantor in the payment of any indebtedness secured hereby or in the performance of any agreement contained herein, all sums secured hereby shall immediately become due and payable at the option of the Beneficiary. In such event and upon written request of Beneficiary, Trustee shall sell the trust property, in accordance with the Deed of Trust Act of the State of Washington, at the public auction to the highest bidder. Any person except Trustee may bid at Trustee's sale. Trustee shall apply the proceeds of the sale as follows: (1) to the expense of sale, including a reasonable Trustee's fee and attorney's fee;

(2) to the obligation secured by this Deed of Trust; (3) the surplus, if any, shall be deposited with the clerk of the court of the county of sale.

5. Trustee shall deliver to the purchaser at the sale, its deed, without warranty, which shall convey to the purchaser the interest in the property which Grantor had or had the power to convey at the time of his execution of this Deed of Trust, and such as he may have acquired thereafter. Trustee's deed shall recite the facts showing that the sale was conducted in compliance with all the requirements of law and of this Deed of Trust, which recital shall be prima facie evidence of such compliance and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value.

6. The power of sale conferred by this Deed of Trust and by the Deed of Trust Act of the State of Washington is not an exclusive remedy; Beneficiary may cause this Deed of Trust to be foreclosed as a mortgage.

TRANSFER/DELEGATION

If Grantee or any other person or entity with any interest in the UST Site transfers his or her interest in the UST Site while this Agreement is in force, the new owner must agree to be legally bound by the Agreement. Before the sale is consummated, the grantee agrees to provide PLIA with the conditions of sale in writing. PLIA must review and approve the terms of the contract of sale to ensure that it is in keeping with the terms and conditions of this Grant Agreement. Otherwise, the financial assistance provided under this Agreement shall be immediately repaid to the state by the Grantee who received the assistance.

GRANT AMOUNT

The amount payable under this Agreement is \$68,762.40 (Sixty eight thousand, seven hundred sixty two dollars and forty cents) and consists of the total Project cost as approved in advance by PLIA and does not exceed Program limits as determined by PLIA or applicable governing laws. Whenever practicable, PLIA will provide assistance to Grantee through joint payment(s) to Grantee and to Contractors and other professionals for labor, materials and other services. The amount and allocation of the grant funds are at the sole discretion of PLIA, subject to limitations under applicable governing laws. Grantee assumes the risk that costs incurred in corrective action or in bringing his or her UST site into compliance with environmental regulations may exceed the amount of grant funds authorized under this Agreement. In the event final costs exceed the approved maximum, the balance is solely the responsibility of the Grantee.

CONDITIONS

1. Grantee shall continue to operate his or her existing business at the UST site selling petroleum full time to the public. Grantee shall continue to maintain such full time retail sale of petroleum products to the public for at least 15 years after project closure as defined in the Contractor's Agreement. Failure to do so is a material breach of this Agreement.
2. Grantee shall sell petroleum to local government entities on a cost-plus basis periodically negotiated between Grantee and the government entities.
3. Grantee shall, on request, provide full service to the elderly and the physically disabled at no increased cost for the service.
4. Grantee shall allow PLIA access to the UST site and all records of the work being performed under the Contractor's Agreement (see Rights of Inspection Section).
5. Grantee shall cooperate with PLIA as necessary to comply with applicable statutes and the legislative intent of the Program.
6. Grantee shall comply with all applicable technical requirements and financial responsibility regulations of the EPA, Ecology and local government(s).
7. Grantee shall, upon project completion, comply with the financial responsibility requirements of EPA and Ecology through the immediate purchase of pollution liability

insurance or any other authorized mechanism, regardless of any other EPA or Ecology compliance dates. If insurance is the chosen vehicle, PLIA shall be named as a loss payee. If another method is selected, there must exist a provision for PLIA to place an appropriate encumbrance on that document.

8. The Contractor's Agreement, including the Work Order and any Change Order(s) must be submitted to and acknowledged as grant eligible by PLIA before Grantee authorizes the performance of any work. Any changes Grantee makes to the Contractor's Agreement without additional acknowledgement by PLIA shall not be considered payable under the Program and shall subject Grantee to any liability forthcoming from such unauthorized changes.

WARRANTY

Grantee warrants that Grantee made no misrepresentations to PLIA in order to receive the benefits of this grant.

Grantee further warrants that Grantee conducted a reasonable credit check on all contractors authorized to perform work under the Contractor's Agreement so as to ensure Contractor's ability to use its credit to acquire the supplies and machinery necessary to perform under the Contractor's Agreement.

SECURITY

- The grant funds paid under this Agreement shall be secured by a real property lien properly recorded in the state of Washington upon the UST site. Grantee warrants that Donald E. Hundahl and Carol R. Hundahl (husband and wife) are the legal owners of the site and have authorized placement of such lien and will sign the necessary documents for recording the lien. At the expiration of the fifteen (15) year term, PLIA will sign a release of any claim on the real property at the request of the current property owner of record. Actual removal of the recorded lien shall be Grantee's responsibility.

TERM OF THE AGREEMENT

This Agreement shall expire fifteen (15) years from the Project closure as defined in the Contractor's Agreement.

DEFAULT

As determined by PLIA, if Grantee materially breaches this Agreement, the amount of the grant shall immediately become due and payable to the state of Washington.

INSURANCE PROCEEDS

If insurance proceeds are available or become available to Grantee for all or a part of the costs paid by grant funds, Grantee shall assign those proceeds to PLIA.

REPORTING

Grantee shall submit a quarterly report, on a form provided by PLIA, of petroleum business volume and identifying any government contracts currently in effect.

EFFECTIVE DATE

This Agreement becomes effective only with the signing of both it and the Contractor's Agreement. The day of the signing establishes the effective date of this Agreement. No costs incurred prior to that date are eligible for payment under the grant unless specific provision is made by amendment to this Agreement for such costs.

RIGHTS OF INSPECTION

The Grantee shall provide PLIA and other authorized entities the right of access to its facilities at all reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance under this Agreement on behalf of PLIA.

HOLD HARMLESS

Grantee shall indemnify and hold PLIA harmless from claims, damages, losses and expenses including, but not limited to, attorney's fees arising out of or resulting from the work performed under the Contractor's Agreement.

Each party executing this Agreement on behalf of a corporation personally represents that he or she is authorized to execute this Agreement on behalf of such corporation and that this Agreement is binding on that corporation.

In the event of the Grantee's non-compliance or refusal to comply with the above Non-discrimination plan, this Agreement may be rescinded, canceled or terminated in whole or in part, and the Grantee may be declared ineligible from further Agreements with PLIA.
