COMPENSATING TAX

(RCW 84.33.140)

Compensating tax recaptures taxes that would have been paid on the land if it had been assessed and taxed at its true and fair value instead of the forest land value. The assessor uses the current year's levy rate, the last assessed forest land value, and the true and fair value as of January 1st of the year of removal from designation to calculate the compensating tax for the land being removed. The compensating tax due is the difference between the amount of taxes assessed at forest land value on the land being removed and the taxes that would have been paid at true and fair value for the period of time the land was so classified or designated as forest land, up to a maximum of nine years, plus an amount using the same calculation for the current year, up to the date of removal. The assessor will also calculate for collection, the prorated taxes for the current tax year from the time of removal to the end of the year in the year of removal at true and fair value.

APPEAL

An appeal of the removal of designation or new assessed valuation must be filed with the County Board of Equalization on or before July 1 in the year of removal or within 30 days (or 60 days if the county legislative authority has extended the deadline) of the Notice of Removal or Change of Value Notice, whichever is later.

Compensating tax is not imposed if the removal of designation resulted solely from:

1. Transfer to a government entity in exchange for other forest land located within the state;
2. A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;
3. A donation of fee title, development rights or the right to harvest timber, to a government agency or organization listed in RCW 84.34.210 and 64.04.130 for the purposes stated in those sections. When land is no longer used for these purposes, compensating tax will be imposed upon the current owner;
4. The sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the Natural Heritage Council and Natural Heritage Plan as defined in chapter 79.70 RCW. When land is no longer used for these purposes, compensating tax will be imposed upon the current owner.
5. The sale or transfer of fee title to the Parks and Recreation Commission for park and recreation purposes;
6. Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;
7. The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;
8. The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040;
9. The sale or transfer within two years after the death of an owner with at least a fifty percent interest in the land if the land has been continuously assessed and valued as classified or designated under chapter 84.33 RCW or classified under chapter 84.34 RCW since 1993;
10. The sale or transfer of forest land between July 22, 2001, and July 22, 2003, if;
 - a. The previous owner of the land died after January 1, 1991;
 - b. The deceased owner had at least fifty percent interest in the land; and
 - c. The land was classified or designated as forest land under chapter 84.33 RCW or classified under chapter 84.34 RCW continuously since 1993.
