Following original reasonable grading of roads and ways hereon, no drainage waters on any lot or lots shall be diverted or blocked from their natural course so as to discharge upon any public road right of way, or to hamper proper road drainage. Any enclosing of drainage water in culverts or drains or re-routing thereof across any lot as may be undertaken by or for the owner of any lot, shall be done by and at the expense of such owner.

In the event that the owners of any of these lots or the corporate or private owners of any of the roads, streets, and/or alleys of this plat or any additional plats served by these roads, streets, and/or alleys shall petition the Board of County Commissioners to include these roads, streets, and/or alleys in the road system, said petitioner shall be obligated to bring the same to the county road standards in all respects prior to acceptance by the county.
