RE: Lot of Record Certifications:

PL06-1055
PL06-1185 through PL06-1191

Dear Mr. Collins:

It has been brought to the attention of this office that in December 2006, Western United Life Assurance Company submitted a Lot of Record Certification Application for the old Scimitar Ridge Ranch property. It has been found that the review of this application had never been completed. This letter will serve as notice that the land use review for Lot Certification has been completed and the following is information regarding the Lot Certifications for the Scimitar Ranch property.

The determination for a Lot of Record is based on a review of the conveyance documents submitted, including, but not necessarily limited to: the legal description contained in each conveyance document; assessing when parcels came together; when parcels were separated; and what County regulations, if any, were in effect at the time of conveyance of any specific legal description. The Scimitar Ranch property is located in four Sections and is comprised of a total of approximately 173 acres.

The current zoning of the entire property is Rural Reserve. The Rural Reserve zoning designation has a minimum lot size of 10 acres. Based on the total acreage amount and the Lot of Record Certifications the subject property would be eligible for several types of land division.
