RE: Lot of Record Certifications:

PL07-0545, Parcel P74595

PL07-1013, Parcel P74586

Dear Young-Soo:

Thank you for your patience during the lengthy review time of the above noted Lots of Record. This Department has completed review of the legal descriptions associated with the above noted Parcel Numbers and based on information submitted the following determinations have been made:

Each of the legal descriptions associated with the respective Parcel Number is considered a Lot of Record. The current zoning designation for this area is Rural Village Residential. The Rural Village Residential zoning designation has a minimum lot size of one (1) acre with community/public water and on-site sewage disposal or public sewer; or 2.5 acres with on-site water (well) and on-site sewage disposal or public sewer.

Each "lot" is less than 2.5 acres, thus, if on-site water is proposed, it will be necessary to aggregate the two "lots" to form one single unit in order to be eligible for residential development. This can be accomplished through the Boundary Line Adjustment process.

At such time as development is proposed it will be necessary to indicate the type of water supply proposed.

Enclosed please find copies of the unrecorded Lot Certifications. The originals have been forwarded to the Skagit County Auditor's Office for recording. At such time as the originals are received by this office, the originals and invoices for additional applications and recording fees will be forwarded. If you have any questions, please feel free to contact this office.

Sincerely,

  
Grace Roeder, Senior Planner
