CONTINUED LEGAL DESCRIPTION FOR PROPERTY ON WHICH WATER IS TO BE USED

Lot 127, Block 1 "LAKE CAVANAUGH SUBDIVISION, DIVISION NO. 2", Skagit County, Washington.

Parcel number P66605

PROVISIONS

- Issuance of a water right by this department for appropriation of the waters in question does not convey a right of access to, or other right to use land which the water right holder may not legally possess. Obtaining such a right is a private matter between the water right holder and the owner of the land where the water withdrawal is located.
- An approved measuring device shall be installed within two years and maintained for each diversion identified by this water right in accordance with the rule "Requirements for Measuring and Reporting Water Use", chapter 173-173 WAC.

Water use data shall be recorded monthly. Data shall be maintained by the property owner and promptly submitted to Ecology upon request. Recording and retention of data by the water right holder are required to inform the water users about how much water is used, when the water is used and to assist users in efficient water management.

Chapter 173-173 WAC describes the requirements for data accuracy, device installation and operation, and information reporting. It also allows a water user to petition Ecology for modifications to some of the requirements. Installation, operation and maintenance requirements are contained in the document entitled "Water Measurement Device Installation and Operation Requirements".

Department of Ecology personnel, upon presentation of proper credentials, shall have access at reasonable times, to the records of water use that are kept to meet the above conditions, and to inspect at reasonable times any measuring device used to meet the above conditions.

The right to use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, except as provided in RCW 90.03.380, 90.03.390, and 90.44.020.

This certificate of water right is specifically subject to relinquishment for non-use of water as provided in RCW 90.14.180.

*Given under my hand and the seal of this office at Bellevue, Washington,
this 15th day of April, 2010.*

Ted Sturdevant, Director
Department of Ecology

By 
Jacqueline Klug, Section Manager
Water Resources Program
