AND

TIDELANDS ONLY ADJACENT TO OR SURROUNDED IN WHOLE OR IN PART BY
Government Lots 5, 6, 7, 8 and 9 in Section 21, Township 34 North, Range 2 East, W.M.

AND

TIDELANDS ONLY ADJACENT TO OR SURROUNDED IN WHOLE OR IN PART BY
The South 410.32 feet of Government Lot 2 in Section 21, Township 34 North, Range 2 East,
W.M.

EXCEPT the East 30 feet thereof for road.

All situate in the County of Skagit, State of Washington

The term "tidelands" as used herein means all lands that are or were continually or intermittently submerged beneath waters subject to the ebb and flow of the tides and that lie between the line of mean high tide and the line of extreme low water, and include the bed of the saltwater lagoon surrounded in whole or in part by the South 410.32 feet of Government Lot 2 in Section 21, Township 34 North, Range 2 East, W.M. For purposes of this definition of "tidelands," the line of mean high tide is determined by taking the mean of all high tides, including spring tides and neap tides, over a complete tidal cycle of 18.6 years and is ambulatory, changing location in response to erosion and accretion as well as changes in tidal elevations. However, except as otherwise provided by applicable law, if the line of mean high tide is seaward of where it would be in the absence of a human-made assemblage of materials or other human-made alteration, then the landward boundary of the tidelands is where the line of mean high tide would be in the absence of such assemblage or alteration.
