**MITIGATION PLAN  
PUBLIC WATER SYSTEM WELLHEAD PROTECTION AREA**

Property Owner/Grantor: Leif Erikson Recreation Association

Grantee: PUBLIC

Property ID #: P18298

Assessor's Tax Account #: 330530-0-002-0016

Site Address: 22128 State Route 9, Mount Vernon Legal Description: NW of NW Sec. 30 Twp. 33 Rng.05

This property is located in the wellhead protection area for the Leif Erikson Recreation Association public water system. Special precautions must be taken to protect the source of this public water system. These precautions are associated with Permit #: BP23-0584 and include:

1. Store all chemicals (solvents, fuels, oils, pesticides etc.) with secondary containment or in a building with a concrete floor. It is assumed that these are normal household quantities only.
2. All application and disposal of all chemicals will be according to the manufacturer's label directions or best available County disposal practice. See Skagit County Health Department for more information.
3. No industrial, commercial or agricultural activities that utilize chemicals that could injure the aquifer will be conducted on this property.
4. On-site sewage system disposal installation, alteration, or repair shall be in accordance with Skagit County Code 12.05 or applicable Skagit County Rules and Regulations governing on-site sewage disposal systems.

This wellhead protection area map may be upgraded to a more accurate wellhead protection map by a professional hydrogeologist. If a new well head protection plan is created, the new map will take precedence. It is possible that this property will not be located in the future wellhead protection area of this water system. This public water system may cease operation as a public water system. This mitigation plan will become null and void if the public water system ceases to be a public water system.
