

Special Thanks & Acknowledgements

This plan was made possible because of the gracious spirit of cooperation demonstrated by the Commissioners of Skagit County Dike District #12. Without their commitment and dedication to the hazard mitigation planning process and unselfish willingness to partner with the City of Burlington and Skagit County to obtain a Hazard Mitigation Planning Grant, this plan might not have been written.

Thanks also to the members of the Skagit Natural Hazards Mitigation Steering Committee for their organization, enthusiasm, and tenacity. Without it we would most likely still be trying to find our way!
