

FIRE - 3

Skagit County Wildland-Urban Interface Fire Risk Assessment Compartments Based On NFPA 299 Risk Assessment

Washington State

LEGEND

- | | | |
|-----------------|-------------------------|---------------------------|
| Interstate | Incorporated Area | RAMS Fire Rating |
| State Route | Major Water Body | High |
| County Boundary | River, Creek, or Stream | Moderate |
| | | Low |
| | | Fire Compartment Boundary |

This map was created from available public records and existing map sources, not from field surveys. Map features from all sources have been adjusted to achieve a "best fit" registration to the Ownership Parcels Map. While great care was taken in this process, maps from different sources rarely agree as to the precise location of geographic features. The relative positioning of map features to one another results from combining different map sources without field "ground truthing."

Data Source Information:

County Boundary, Incorporated Areas, Hydrology and Road centerlines are maintained by Skagit County GIS. Wildfire data provided by Washington State Department of Natural Resources (WADNR) and was created using Risk Assessment & Mitigation Strategies (R.A.M.S.) software. Wildfire data is dated 1970-2001.
