

LM - 1

Skagit County Slope Stability (Area of WADNR Soil Survey)

Washington State

LEGEND

- Interstate
- State Route
- County Boundary
- Incorporated Area
- Major Water Body
- River, Creek, or Stream
- Slope Stability**
- Stable slope under disturbed condition
- Unstable slope under disturbed condition
- Very unstable slope under disturbed condition

This map was created from available public records and existing map sources, not from field surveys. Map features from all sources have been adjusted to achieve a "best fit" registration to the Ownership Parcels Map. While great care was taken in this process, maps from different sources rarely agree as to the precise location of geographic features. The relative positioning of map features to one another results from combining different map sources without field "ground truthing."

Data Source Information:

County Boundary, Incorporated Areas, Hydrology and Road centerlines are maintained by Skagit County GIS. Slope stability data was provided by Washington State Department of Natural Resources, 1995.
