EMS & TRAUMA CARE COUNCIL ADVISORY BOARD

July 7, 2020

Bryan Ekkelkamp, District Chief
Skagit County Fire District #2
15452 Beaver Marsh Rd.
Mount Vernon, WA 98273

Dear Chief Ekkelkamp:

We apologize for the delay in notification. As you know, the COVID-19 pandemic has created some challenges for scheduling public meetings and conducting business.

The Skagit County EMS & Trauma Care Council Advisory Board is pleased to inform you that a portion of your new initiative funding application has been approved for funding in the amount of **\$2217.99** to support the purchase and installation of a public access defibrillator for your fire station. The funds must be used specifically for this purpose as outlined on page 2.

The Advisory Board did not believe that the purchase of the training manikin was the best use of new initiative funding at this time due to the fact that this equipment is currently available through the regional training hubs as well as the EMS Office for use. Additionally, there are other funds available to fire districts through their interlocal agreement with the county that can be used to support this type of purchase.

In order for funds to be issued, you will need to submit an itemized invoice to Skagit County EMS no later than **December 15, 2020**. For questions regarding this process, please contact Freya Peebles, Administrative Coordinator at freyaxp@co.skagit.wa.us or 360-416-1830.

Congratulations on your award and thank you for your commitment to the Skagit County community.

Sincerely,

A handwritten signature in blue ink that reads "Nick Walsh".

Nick Walsh
Chair
Anacortes Fire Department
