Proposal Description

This legislative proposal to amend the Airport Environs Overlay code and adopt updated AEO maps would reorganize and rewrite the AEO code for clarity and for consistency with the 2011 WSDOT Airport and Compatible Land-Use Program Guidebook.

SEPA Threshold Determination

This addendum adds further information to the analysis contained in the FEIS and provides additional environmental information on the impacts from this proposal, but does not substantially change the analysis of significant impacts and alternatives in the FEIS.

This addendum is available at www.skagitcounty.net/bayviewridge and is issued pursuant to WAC 197-11-625. Pursuant to SCC 14.12.210, no administrative appeal process is available for this legislative action.
