Comments : I am writing to express my concern and disapproval about the above proposal to change the residential designation in my neighborhood. I am most concerned about the change of the rural character of this neighborhood and impact of the potential loss of views of Padilla Bay and the Laconner flats areas. By changing the residential designation, you invite continual and incremental expansion of other rural intermediate areas. Who will be next? The neighbors to the east or south of these parcels? Please stop the sprawl and increased density of this area and encourage growth in the urban areas.

Thank you for your time.

Evan Swanson
