Rural Reserve (RRV) to Sedro-Woolley UGA

Request Number

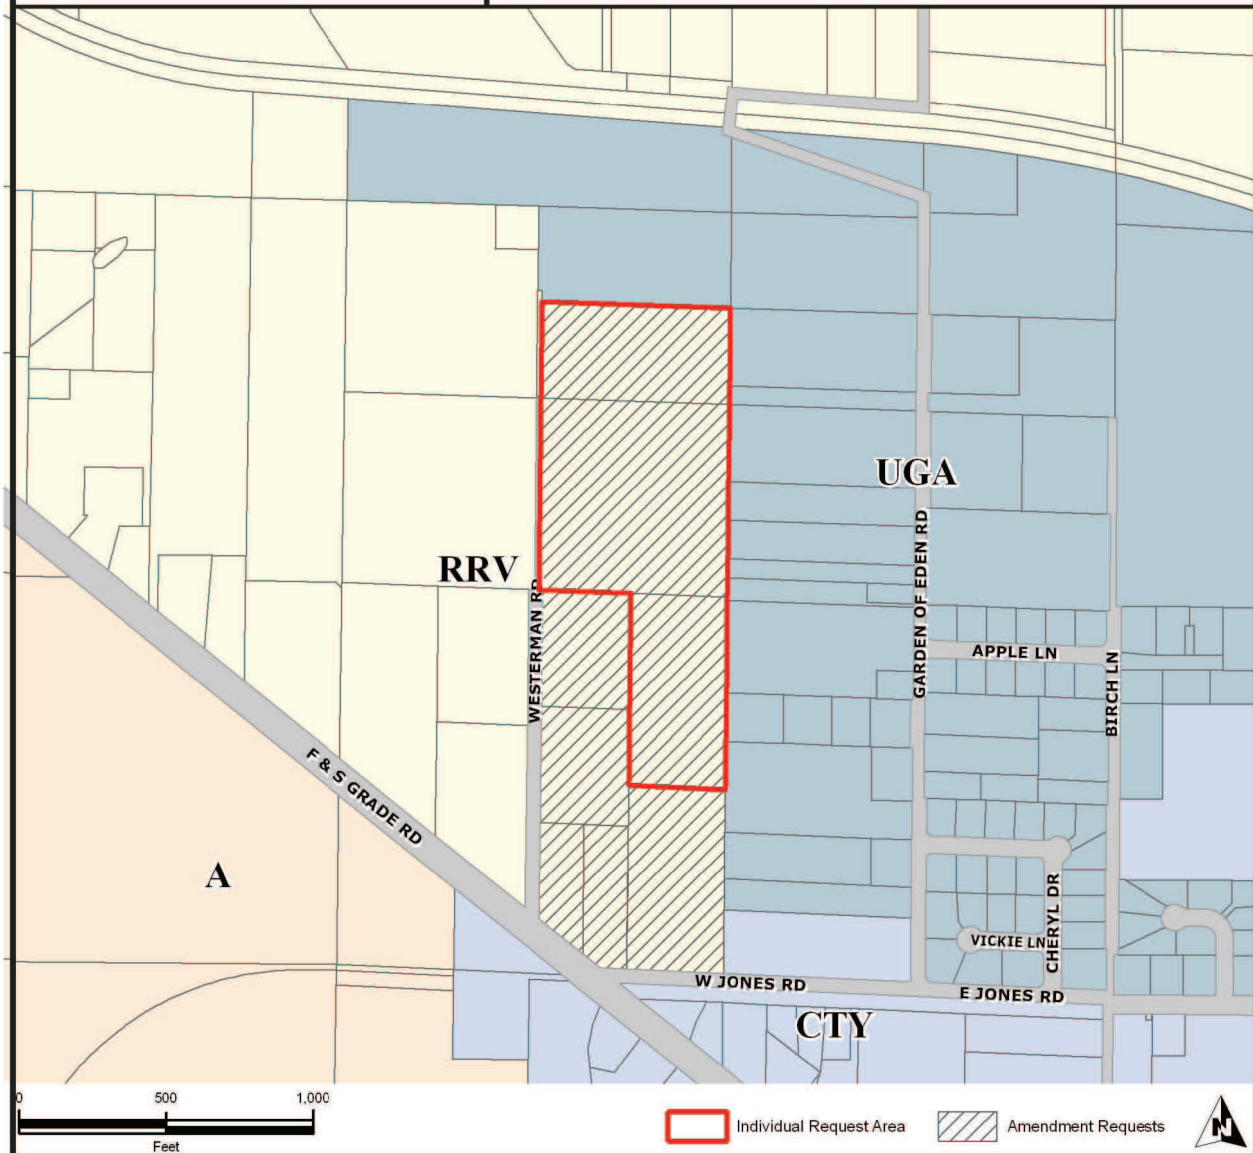

CPA05-99

Summary:

City initiated request to include three parcels totaling 19.5 acres in Sedro-Woolley UGA as residentially zoned property.

Recommendation:

Recommend denial. Unsuccessful land capacity analysis to support the proposal. Could be re-considered in 2006 amendment cycle if city provides capacity analysis and new UGA expansion criteria are in place.
