

RE: Skagit County Jail, Progress Update Memo

July 25, 2014

From: Marc Estvold, Project Manager

Land Use Approval / Permitting: Our final step in land use permitting is the Essential Public Facilities process with the City of Mount Vernon. We have filed our application and have a public hearing with a Hearing Examiner at 6 p.m. Tuesday, July 29 in the Mount Vernon Police /Courts complex. After this public meeting the Hearing Examiner will make recommendations to the City Council, which will hopefully make a final determination on the application in early September.

Design Progress: The Architects have had a number of meetings with jail, facilities, and court staff in preparing the current design. Following please find a Site Plan, Floor Plan and representative rendering of the design concept to date.

Thank you,
Marc
