---

Good morning Mr. Good,

Thank you for submitting your comments (copied below) to PDS staff and the Planning Commission concerning the IF-NRL non-motorized trails proposal. Staff reached out to Ms. Smith, the Program Coordinator for the FAB, on July 18<sup>th</sup> to provide an explanation of the proposal, the status of the SEPA DNS and Commerce review, and the time and date of the public hearing. Staff is not yet in receipt of any comments from the FAB concerning the code amendment.

Thanks again and don't hesitate to contact me if additional questions or concerns come up. We'll see you this evening at the public hearing.

Sincerely,

**Stacie Pratschner, AICP**

Zoning Designation

Dear Planning Commission Chair and members and PDF Staff.

Please consider extending the public comment deadline to allow the Forest Advisory Board (FAB) to meet and give input comments on this important forestry issue. This fast tracked proposal needs to be reviewed by the FAB. This non-motorized trails proposal in (IF-NRL) was publicly released after the last FAB meeting. PDF staff should be well advised by the FAB before commenting on public input. The FAB appointed by the County Commissioners are the best qualified to give advice on this issue to staff, Planning Commission and the County Commissioners.

Thank you

Randy Good
