Black Pine does not always have space and does have to say no at times:

The animals at Black Pine Animal Sanctuary each have their own story and have become residents for different reasons. The sanctuary provides a unique educational opportunity for guests to learn about the animals, and see them up close, on the animals' terms. **Included in the over 75 animals are endangered species, elusive nocturnal animals, and chatty tropical birds.** Each year we receive dozens of requests to re-home additional animals. Though it is not possible to accept all surrender requests, if we have the resources, space, and funding we accept as many as possible. So, from year to year there are always new animal residents to meet, learn about, and see at Black Pine Animal Sanctuary.

We've got over 60 species and 100 animals.

bpsanctuary.org

September 13, 2012

Greetings Neighbors (as listed below),

We're sure you are all aware of the poor condition of the road at the hill of Welch Lane. During the wetter months, the water from below is causing the road surface to hole and deteriorate. It also is the source of the ice present on the road surface for much of the winter, a major safety hazard.

We have received a proposal from Decker Construction Inc., copy attached, for repairs which hopefully will solve both of the above problems. For a quality job, the contractor believes this work should be completed by mid October.

Attached also is a copy of the road maintenance agreement, by which we are all bound to share the cost of road maintenance. The cost to each of us would be approximately \$300. We believe these repairs should be done immediately. We would appreciate it if each of you would respond by phone to either of the undersigned with your concurrence, with questions or comments or alternative recommendations. Your fast response will allow prompt scheduling and repair before bad weather sets in.

Sincerely,

Dave Knutsen - 360/293-9369

George Hettich - 360/293-0324

Dig three ditches approximately one foot wide each and twelve feet long. Fill with pipe and rock to attempt to drain water away from the road surface. Patch those three ditches with asphalt as well as an existing pot hole, which is approximately five feet by twelve feet. Two laborers to be provided by owners. All equipment and materials provided in this bid.

\$2500.00
Tax: \$205.00
\$2705.00

JOINT ROAD MAINTENANCE AGREEMENT

Owners of undivided interests in real estate known as Welch Lane, as delineated on the face of recorded deeds in Skagit County, Washington, of which is hereafter described, and as their means of ingress, egress and for utilities to other real estate owned by each of the parties, and the parties wishing by these presents to provide for the maintenance of said Welch Lane.

Now Therefore, for and in consideration of the mutual benefits to each of the parties, it is hereby agreed that each of the parties, their heirs, executors, administrators and assigns will share equally with all of the other parties, their heirs, executors, administrations and assigns in the cost of maintenance of said Welch Lane. To assure continuous and perpetual use thereof for the purposes herein described. The said property referred to herein is located in Skagit County, Washington, and described as follows:

Section 35, Township 35 N., Range 1 East, according to the plat thereof recorded in plats 56/77, including Parcel numbers, P32555, P32556, P32558, P32559. Recorded in plats 93/81 including Parcel numbers P32554 and P99810. Also including Parcel numbers P119330 and P32552.

IN WITNESS WHEREOF, THE OWNER(S) of the above listed tracts of said Welch Lane have hereunto affixed their signature(s).

Signature(s) attached on sheet two (2).

utm_source=find_a_zoo&utm_medium=s Accredited Zoos and Aquariums

Look for the Association of Zoos and Aquariums (AZA) logo whenever you visit a zoo or aquarium. This assures that you are supporting a facility dedicated to providing excellent care for animals, a great experience for you, and a better future for all living things.

As of March 2023 there are currently 238 AZA-accredited institutions. Please use the list below to look up accredited zoos and aquariums in alphabetical order by name.

You can also search for AZA-accredited zoos and aquariums by zip code: **Find a zoo or aquarium near you (/search-by-zip-code).**

If you are a member of your local AZA-accredited zoo or aquarium, you may be eligible for reciprocal admission to other participating facilities. Learn more about the **AZA Reciprocal Admissions Program (/reciprocity)** and find a list of participating facilities.

Dave Knutsen
4592 Welch Lane
Anacortes WA 98221

August 22, 2013

Dear Neighbors,

We have completed the repairs on the hill of Welch Lane. Hopefully, this repair should eliminate the ice during the winter and forestall further potholing. As seigniors of the "Road Agreement" we are each responsible for an equal share of the cost. The total cost was \$ 2,705.00 or \$ 300.00 for each of us. Please remit your share to me at your earliest convenience.

Unfortunately, in making this repair, we found that this portion of the road was very poorly constructed. The blacktop was apparently laid over a very thin layer of crushed gravel (1 to 2 inches) with no pit run base. Additionally, underlying strata appeared to have little preparation as logs and other organic material was present. Along with the water, this has caused much cracking and localized settling. In the future, a major rebuild will be likely necessary.

As a group, we might believe it prudent for each of us to annually contribute to a fund, so money would be available for all future necessary repairs. To facilitate this and to provide security and management for these funds and their use, it may be necessary to form an association with formal bylaws. In the past, I have been looking after the road condition and arranging for and assisting in its repair. An association would also formalize the individuals and their responsibilities for these duties.

The above ideas and comments are very preliminary and I would appreciate your thoughts and comments. I believe we should meet as a group in the near future, with the goal of coming to consensus of these issues. Please let me know a block of time that you can be available so we can schedule a meeting that we all can attend.

Thanks in advance for your consideration of these matters.

Sincerely,

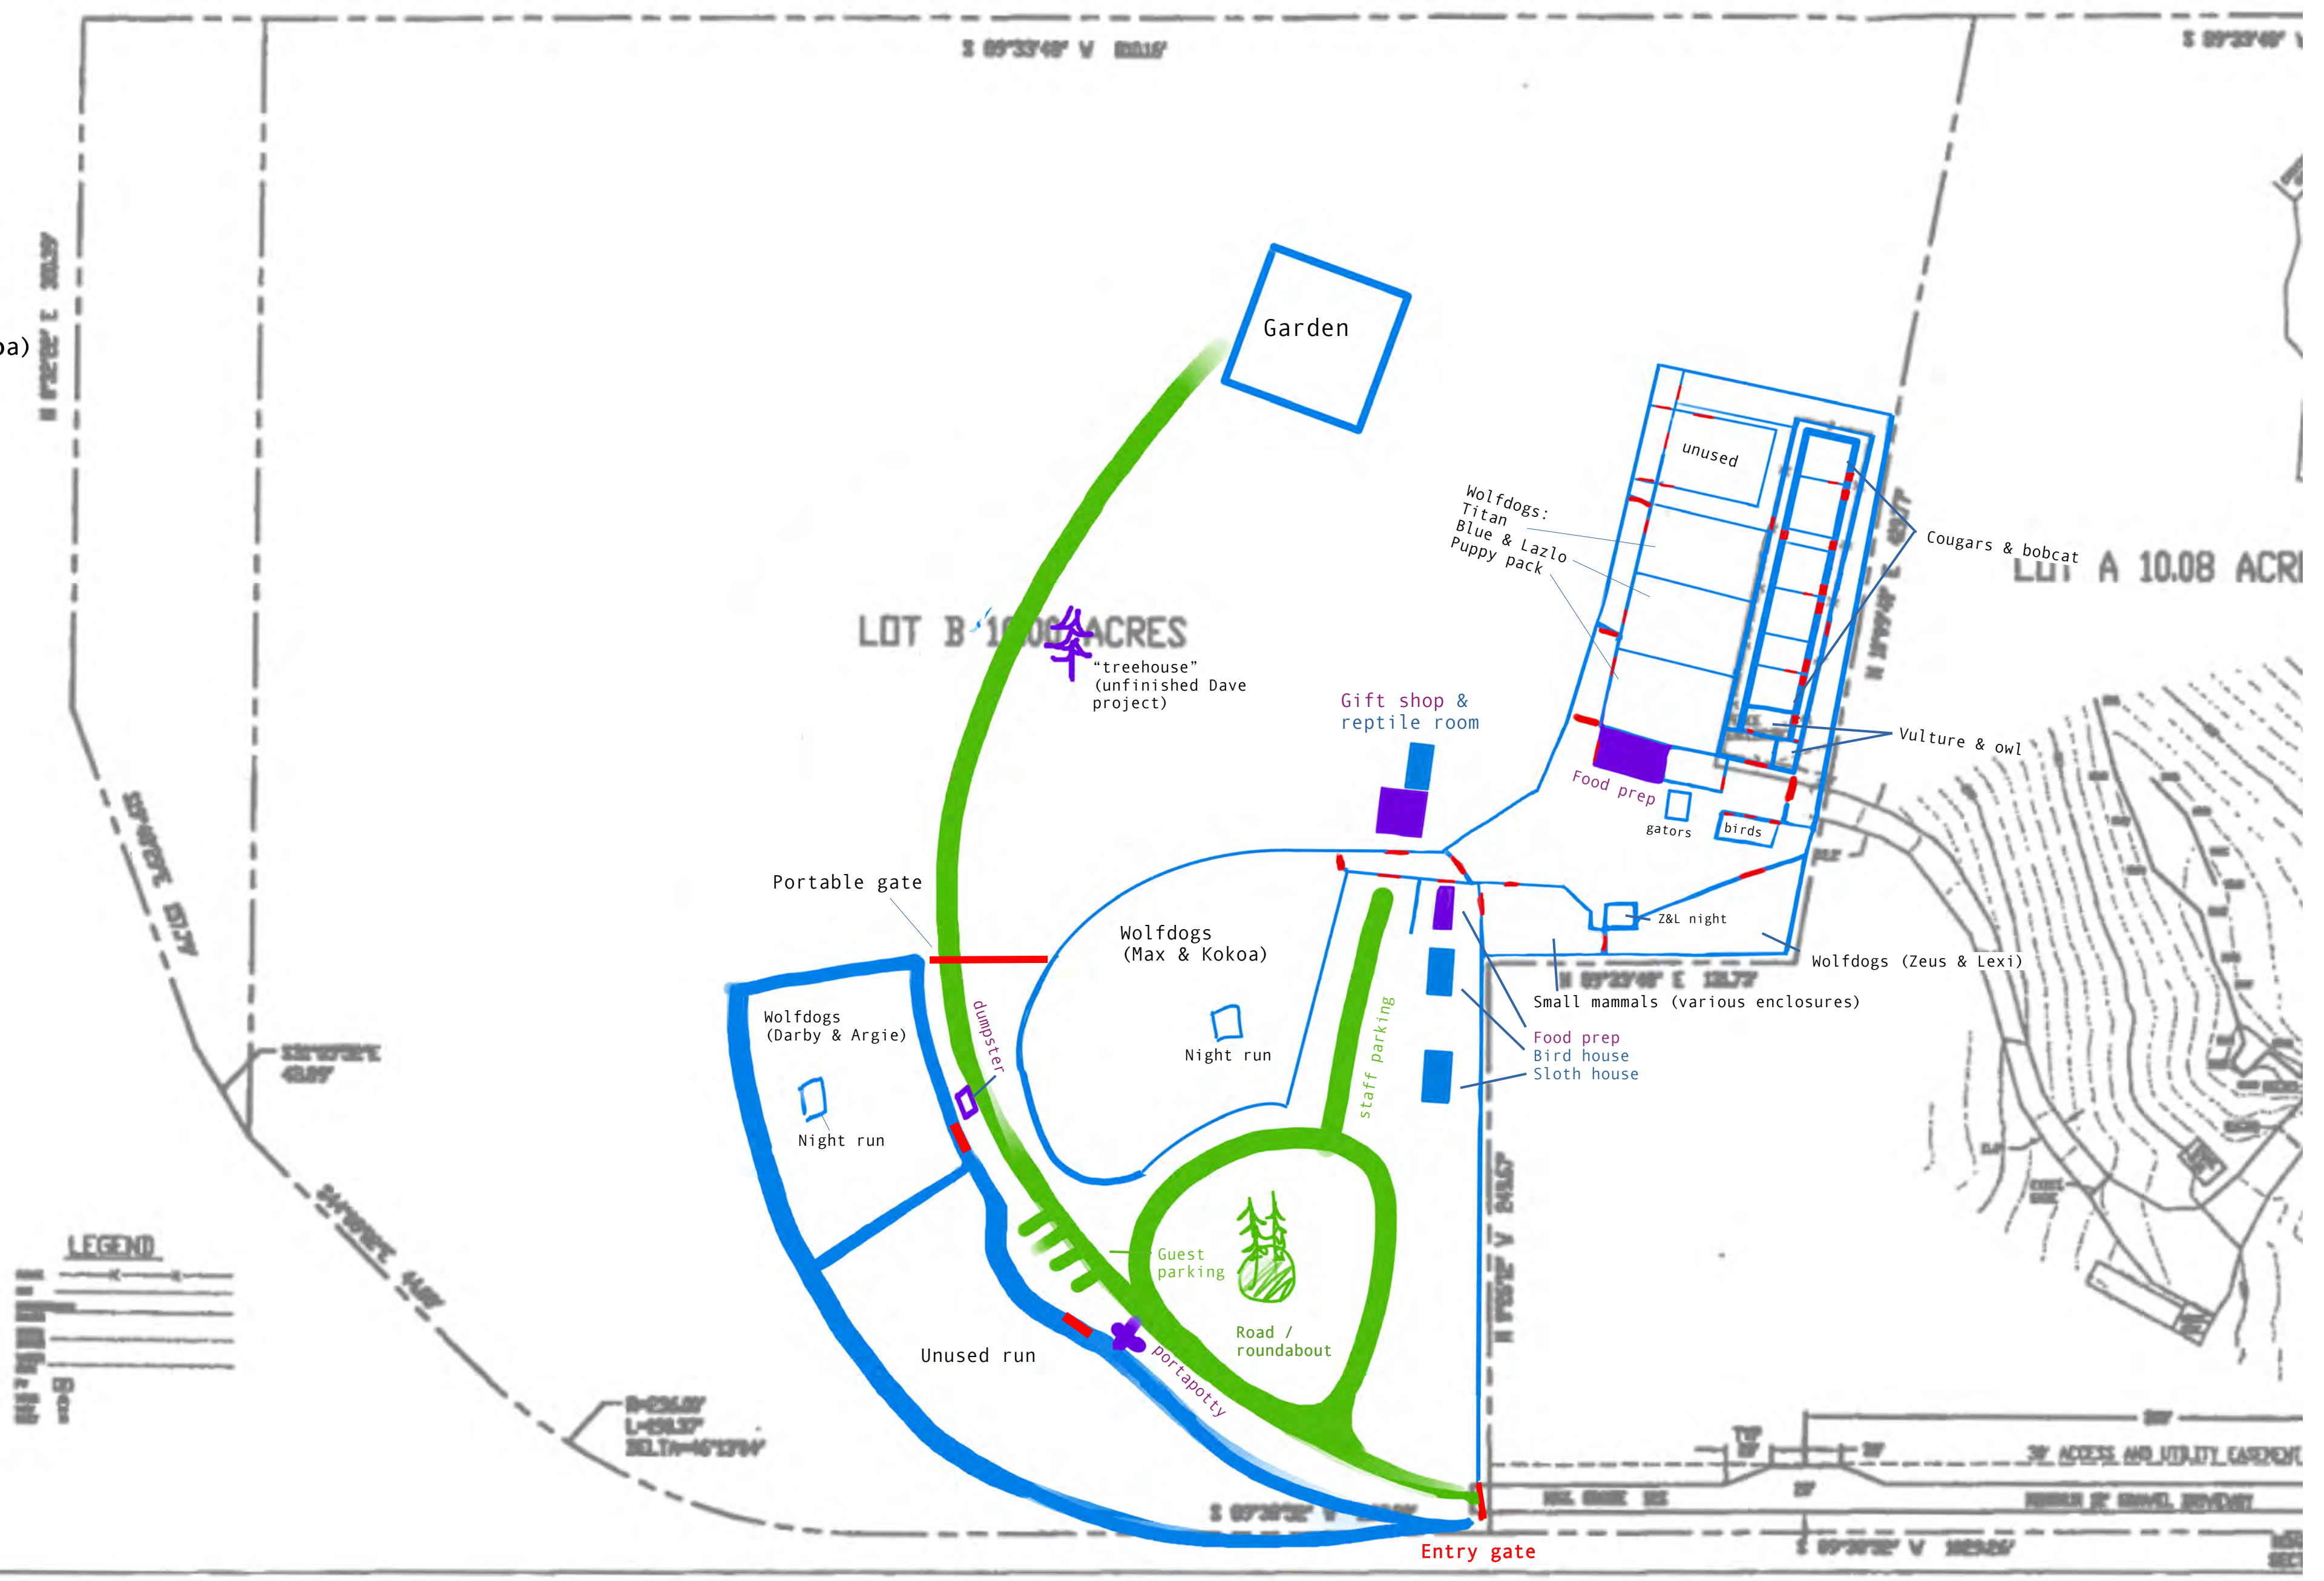

Dave
