### Memorandum

**To:** Interested Parties

**From:** Dale Pernula, AICP, Director, SEPA Responsible Official

**Date:** May 21, 2014

On May 14, 2014, Dale Pernula, the SEPA Responsible Official, released a memorandum indicating that based on public comments received during the SEPA Mitigated Determination of Nonsignificance (MDNS) issued for the Shell crude-by-rail unloading facility, that additional information was necessary from the applicant.

When the SEPA Responsible Official makes a decision on the threshold determination based on the review of additional information, there will be another comment period and corresponding appeal period.
