Natural Reso 4F-1, 4F-1.3, 154		Natural Resources Clearinghouse	Natural Resource Lands Database: Maintain a database management system to provide current information on natural resource land uses and activities, soils, conversions, and other quantifiable factors for the purpose of monitoring and conserving natural resource lands.	No recommended change.		
Natural Reso 4F-1, 4F-1.4, 154		Natural Resources Clearinghouse	Converted Natural Resource Lands Database: The Natural Resource Lands database should identify and map, where known, those parcels of land that, although designated as a Natural Resource Land, are not available for productive resource use because of some easement, covenant, or other restriction that converts the primary use of such land to the preservation of habitat, open space, or some other non-resource-land use. This information should contribute to a more accurate assessment of the natural resource land base available for agriculture, forestry or mining uses.	No recommended change.		
Land Use 2A, New, 43		Development	Guide most future development into concentrated urban growth areas where adequate public facilities, utilities, and services can be provided consistent with the Countywide Planning Policies.	No recommended change.		
Land Use 2A-1, New, 43		Development	Establish Urban Growth Areas in which urban development will be encouraged and outside of which growth can occur only if it is rural in character.	No recommended change.
