PermitProposal : reject TDRs

Comments : I recommends rejecting TDRs for use in the County as it has less chance of working in a rural area, has to be mandatory to be effective and requires staff time and funds to administer.

Instead if the BOCC want to support the conservation of forestry resource lands I suggest working to create a Forest Legacy purchase of development rights program, promoting the public benefits for such a program and seeking appropriate tax or grant funds to implement the program for permanent protection of small forest owners lands for the future. Thank you, Rosann Wuebbels
